Chairman Speaks

Esteemed Shareholders,

It is my honour and pleasure to present your Bank's 81st Annual Report for the Financial Year 2018-19.

The last few years have been challenging for the banking sector in the country, especially on account of asset quality woes and slippages. The challenges for your bank were manifold. Apart from the country-wide trend, your bank bore the brunt of massive floods of 2014, affecting business activities in the state. Despite strong restructuring measures and hand-holding initiatives by the state government, the regulator and the banks, signs of recovery stayed muted due to the disruptive spell of 2016. Simultaneously, developments like RBI's revised framework on resolution of stressed assets and other policy initiatives paved the way for stability in the banking sector. As resolutions gathered pace your Bank exhibited resilience during these trying, turbulent times and managed to pull itself out of the red.

Your bank has re-oriented its strategy to revive the economic growth in the J&K State and the thrust of the Bank has been on lending in retail sectors like housing, MSME, tourism, handicrafts, service, industry, agriculture and other employment generation schemes. Simultaneously, your bank is also fostering entrepreneurship opportunities in the state. We believe that creating strong businesses is necessary for ensuring financial prosperity for J&K State, stakeholders and the bank.

As an institution, your bank is constantly re-inventing itself to align with the best practices in the industry. Your bank is bracing to stay relevant in the times of rapidly changing technologies that offer great opportunities. The endeavour is to be future ready as a modern, efficient, customer focused, digitally driven profitable institution. These initiatives coupled with our business expansion strategy will significantly reflect in our steady performance in coming years.

Your Bank has instilled transparency by recognising the stressed accounts in its balance sheet. Your bank has been

able to recognise & manage NPAs fairly well despite the latest surprise NBFC fiasco of IL&FS, which led to a major down gradation in the whole banking industry. The initiatives for recovery of bad debts has resulted in recovery/resolution of about ₹ 5000 crore, improving Provision Coverage and Net NPA ratios.

As part of financial inclusion, during FY 2018-19 your Bank has focused on robust branch expansion by opening 102 Banking Outlets and 92 ATMs, which include 35 Ultra Small Branches rolled out in October, 2018, to link all 111 villages of Ladakh.

Among the recent developments in your Bank, a proposal is being moved for separation of the posts of Chairman and Managing Director as per RBI regulations and SEBI guidelines. In June, 2019, the Board of Directors of your Bank approved implementation of J&K RTI Act, 2009 and adoption of Central Vigilance Commission (CVC) guidelines. In furtherance thereof, a Chief Compliance Officer has been designated in order to strengthen compliance to various regulations. I am sure that going forward such changes would strengthen the governance and accountability framework of your Bank, thereby enhancing transparency and efficiency and help in making the institution much stronger and healthier. On the first day of October, 2018, your Bank completed "80 years of its existence" of serving the people. We are proud of our legacy and value the sentiments of our people who have great emotional equity with your Bank. Your Bank is committed to its motto of "Serving to Empower" and shall continue to render uninterrupted services to all segments of the society. Moving forward with optimism and with the firm belief in the team J&K Bank, our vision is to take your Bank to new heights

and make it a catalyst for growth and empowerment of our people through transparency, resilience and transformation. We strive to make your Bank a strategically growing, technologically modern and operationally agile institution.

Dear Shareholders,

Looking ahead, I view your Bank's future with continued optimism and I strongly believe that the worst for your Bank is over and I am confident that we shall not only weather the challenges at hand but put your Bank on a different pedestal with the committed support of its promoters, regulators, management and dedicated workforce of J&K Bank family. We shall overcome every obstacle and take this Bank to its pinnacle. Like in the past, we hope to receive your continued support and trust in future.

- b) Shareholders who have not encashed their past dividend warrants are requested to do so without any further delay. Pursuant to Section 205A of the Companies Act,

1956, all unclaimed/unpaid dividends upto the Financial Year ended 31st March, 1996 were transferred to the General Revenue Account of the Central Government. Consequent upon amendment to Section 205A of the Companies Act, 1956 and introduction of Section 205C by the Companies (Amendment) Act, 1999, the amounts of dividend for the subsequent years remaining unpaid or unclaimed for a period of seven years from the date of transfer to Unpaid Dividend Account of the Bank have been transferred to the Investor Education and Protection Fund (IEPF) set up by the Government of India. Under the provisions of the Companies Act, 1956, no amounts could have been claimed by the Members from the IEPF or the Bank in respect of such amounts transferred to the IEPF.

As per the provisions of Section 124 and Section 125 of the Companies Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules") which have become effective on September 7, 2016, unclaimed amount, in respect of unpaid/ unclaimed dividend warrants, which remains unpaid for seven years shall be transferred by the Bank to "Investor Education and Protection Fund" established pursuant to the aforesaid provisions("New IEPF"). Further, as per Section 125 of Companies Act, 2013, in respect of amounts transferred to IEPF pursuant to Section 205C of Companies Act, 1956 from the unpaid dividend account of the Bank, after the expiry of the period of seven years as per provisions of the Companies Act, 1956, members shall be entitled to get refund out of the new IEPF in accordance with IEPF Rules. Accordingly, members seeking to claim refund, in respect of amounts transferred to the IEPF or new IEPF, may do so from the new IEPF by making an application to the Investor Education and Protection Fund Authority ("IEPF Authority") in the prescribed form as per the provisions of Section 125 of the Companies Act, 2013 read with the IEPF Rules.

Unclaimed amount in respect of unpaid/unclaimed dividend declared in respect of the financial years upto 2010-11 have been transferred by the Bank to the IEPF/ New IEPF. Members who have a valid claim to any dividend which are not yet transferred may claim the same from the Bank immediately. The detailed dividend history, due dates for transfer to IEPF/New IEPF and the details of unclaimed amounts lying with the Bank in respect of the dividends declared are available on the website of the Bank. (www.jkbank.com).

- c) As per the provisions of Section 124(6) of the Companies

Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules") which have become effective on October 31, 2017, all shares in respect of which dividend has not been paid or claimed for seven consecutive years or more shall be transferred by the company in the name of Investor Education and Protection Fund along with a statement containing such details as may be prescribed: Provided that any claimant of shares transferred above shall be entitled to claim the transfer of shares from Investor Education and Protection Fund in accordance with such procedure and on submission of such documents as may be prescribed.

As per the requirement of Rule 6 of the IEPF Rules, the Bank had sent individual intimation to all the shareholders and also published notice in the leading newspapers in english and regional language having wide circulation for the information to shareholders regarding transfer of shares to IEPF. The shares in respect of the shareholders whose dividend has not been claimed for seven consecutive years, upto Financial Year 2010-11, were transferred to the designated demat account of the IEPF Authority on 6th August, 2018.

- d) In terms of Section 72 of the Companies Act, 2013, nomination facility is available to individual shareholders holding shares in the physical form. The shareholders, who are desirous of availing this facility, may kindly write to M/s Karvy Fintech Private Limited, the Bank's Registrar & Transfer Agent (RTA).
- e) Members holding shares in physical form are requested to intimate change, if any, in their Registered Address, to the Share Transfer Agent. If the shares are held in Demat form, intimation regarding change of address, if any, has to be notified to the concerned Depository Participant where the Shareholder is maintaining Demat Account.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 03

Though not strictly necessary, Explanatory Statement is being given for Item No. 03 of the Notice, with the view to set-out material facts concerning such business. Pursuant to the provisions of Section 142 of the Companies Act, 2013, the remuneration of Statutory Auditors, appointed by C&AG under Section 139(5) of the Companies Act, 2013, has to be fixed by the bank in the General Meeting or in such manner as the bank in the General Meeting may determine. Members may accordingly authorize the Board of Directors to pay the remuneration of Auditors as per the RBI circular applicable to Public sector Banks for the financial year 2019-20 including remuneration for the Limited Review of Quarterly Financial Results for the period ending 30th June, 2019, 30th September, 2019 and 31st December, 2019.

No Director, Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolution.

Directors recommend the adoption of Resolution to be moved at the Meeting in this regard.

ITEM NO. 4

With a view to broad base the Board, Mr. Vikram Gujral (DIN: 03637222) was appointed as additional Director on the Board of the Bank on 26th March, 2019. The Bank has now received a notice alongwith the necessary deposit pursuant to the provisions of Section 160 of the Companies Act, 2013 from the Director proposing his candidature for directorship of the Bank.

The Bank has also received from Mr. Vikram Gujral (DIN: 03637222) consent in writing to act as Director pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules 2014, and intimation in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under Section 164 (2) of Companies Act, 2013.

Brief profile of Mr. Vikram Gujral (DIN: 03637222) is annexed to the explanatory statement attached with this notice.

No other Director (except Mr. Vikram Gujral), Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolution.

Board of Directors recommends the adoption of Resolution to be moved at the Meeting in this regard.

ITEM NO. 5, 6 & 7

The Shareholders of the Bank in their meeting held on 17th June, 2017, appointed Mr. Mohammad Ashraf Mir (DIN: 07586792), Dr. Sanjiv Agarwal (DIN:00110392) and Mr. Sunil Chandiramani (DIN:00524035) as Independent Directors on the Board of Directors of the Bank for a period of 2 years, i.e. up to 16th June, 2019. The Board of Directors in their meeting dated 15th June, 2019, upon the recommendations of the Nomination & Remuneration Committee of the Board approved the continuation of the directors till the ensuing AGM. Pursuant to Section 149(10) of the Companies Act, 2013, read with Article 70(i) of the Articles of Association of the Bank, an independent director shall hold office for a term up to two consecutive years on the Board of a Bank, but shall be eligible for re-appointment on passing of a special resolution by the company and disclosure of such appointment in the Board's report.

The aforesaid Independent Directors are eminent personalities in their respective fields and considering their vast experience and knowledge, their continued association with the Bank would be of immense benefit to the Bank. The Board, therefore, recommends, subject to the consent of the shareholders their re-appointment on the Board of Bank for a further period of 2 years with effect from 17th June, 2019 as Independent Directors not liable to retire by rotation.

The brief profile of the above proposed Independent Directors is annexed to the explanatory statement attached with this notice.

No Director (except the Directors seeking reappointment), Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolution.

Board of Directors recommends the adoption of the resolutions as set out in Item No. 05, 06 and 07 of the Notice for approval of members as special resolution.

ITEM NO. 08

The Shareholders of the Bank in their meeting held on 17th June, 2017, had appointed Dr. Pronab Sen

(DIN: 07831725) as Independent Directors on the Board of the Bank for a period of 2 years, i.e. upto 16th June, 2019. The Board of Directors in their meeting dated 15th June, 2019, upon the recommendations of the Nomination & Remuneration Committee of the Board approved the continuation of the directorship in the Bank till the ensuing AGM of the Bank. However, Dr. Pronab Sen (DIN: 07831725) has expressed his inability to continue as Independent Director on the Board of the Bank after the constitution of new Board of Directors at the ensuing Annual General Meeting of the Bank. Accordingly, Members of the Bank are requested to confirm the continuation of Dr. Pronab Sen (DIN: 07831725) as Independent Director on the Board of the Bank from 17th June, 2019 to the date of this AGM.

No Director (except Dr. Pronab Sen) or Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolution.

Board of Directors recommends the adoption of the resolution as set out in Item No. 08 of the Notice for approval of members as special resolution.

ITEM NO. 09

The implementation of Basel III guidelines has necessitated the need for banks in India to augment their capital base. This becomes important as Basel III capital requirements call for increase in quantity and quality of capital, besides providing for capital buffer during economic downturn. The Basel III capital regulations were implemented in India with effect from April 1, 2013. Banks have to comply with the regulatory limits and minima as prescribed under Basel III capital regulations, on an ongoing basis. Basel III capital regulations were to be fully implemented by March 31, 2019. However RBI vide notification No: DBR.BP.BL.No.20/21.06.201/2018-19 dated: 10/01/2019 deferred the implementation of last tranche of 0.625% of Capital Conservation Buffer (CCB) from March 31, 2019 to March 31, 2020. Accordingly the Bank is required to attain CCB level of 2.5% on March 31, 2020. In order to ensure smooth migration without any near stress, appropriate transitional arrangements for capital ratios have been made which commenced as on 01.04.2013. Capital ratios will be now implemented fully on 31.03.2020 and accordingly the phase-in arrangements for Scheduled Commercial Banks operating in India is as under:

Transitional Arrangements -Scheduled Commercial Banks-				Capital as % of RWAs				
Minimum Capital Ratios	April 1, 2013	March 31, 2014	March 31, 2015	March 31, 2016	March 31, 2017	March 31, 2018	March 31, 2019	March 31, 2020
Minimum Common Equity Tier I (CET 1)	4.5	5	5.5	5.5	5.5	5.5	5.5	5.5
Capital Conservation Buffer (CCB)	0.0	0.0	0.0	0.625	1.25	1.875	1.875	2.5
Minimum CET1+CCB	4.5	5	5.5	6.125	6.75	7.375	7.375	8
Minimum Tier 1 Capital	6	6.5	7	7	7	7	7	7
Minimum Total Capital*	9	9	9	9	9	9	9	9
Minimum total Capital +CCB	9	9	9	9.625	10.25	10.875	10.875	11.5

To gauge the capital requirements under Basel III, Capital Planning exercise is carried out by Bank under Internal Capital Adequacy Assessment Process (ICAAP). The exercise is reviewed on regular basis (quarterly) in light of economic and business environment within India. Besides, the downward pressures in the financial sector, increase in NPA, slow growth in overall business variables, relative increase in risk weighted assets compared to the incremental capital growth, the capital buffer maintained by the bank historically over and above the regulatory minimum are also factored in while arriving at the capital position of the Bank in near to medium term. Based on the above factors in the capital planning exercise carried out, the Bank needs to augment its capital base in phases up to March 31, 2020 till the time Basel III gets fully implemented. Bank shall augment its capital base by raising of common equity (CET1), issue of Additional Tier 1 bonds (AT1) or issue of Tier 2 bonds and through internal profit accruals. The current issue of raising capital is part of Additional Tier I and Tier II capital raising exercise. The Basel III requirements envisage maintaining of adequate capital that is in line with regulatory requirements. The need for more capital is also in line with the future business growth that the Bank has projected over near to medium term.

No Director, Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolution.

The Board of Directors of the Bank believes that the proposed issue is in the interest of the Bank and hence, recommends the resolution for the approval of the Shareholders by way of Special Resolution.

ITEM NO. 10

As per Regulation 17(1B) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the top 500 listed entities shall, effective April 1, 2020, ensure that the Chairperson of the Board of such a listed entity shall be a non-executive director not related to the Managing Director

or the Chief Executive Officer as per the definition of the term 'relative' defined under the Companies Act, 2013. Towards this end and to further strengthen the corporate governance at the Bank, the Board of Directors has decided to split the position of the Chairman & Managing Director of the Bank such that the office of the Chairman of the Board of the Bank is held by a Non-Executive Director.

To implement the decision of the Board of Directors it is deemed necessary to amend Article 69 of the Articles of Association of the Bank to provide specifically that the Chairman of the Board shall be a Non-Executive Director/ Chairman. The proposed Article 69 of the Articles of Association of the Bank inter alia provides that no Director other than a Government Director shall be elected as (a) the Chairman of the Board of Directors; and (b) Managing Director, of the Bank.

Proposed amendments to Article 4 in the definitions of "Chairman" and "Executive Director" are self-explanatory; definition of "Managing Director" in line with the provisions of the Banking Regulation Act, 1949 has been provided; proposed amendments to: (a) Article 4 in the definition of "General Manager" and Article 71, are consequential in nature pursuant to the proposed amendment to Article 69 providing for office of the Chairman of the Board to be held by a Non-Executive Director; and (b) Article 70(ii) provide for that sitting fee for attending meetings board or committees thereof shall not be payable to Chairman and Managing Director and to a Director nominated by the Government and who is in the full time employment of the Government.

Article 70(B) has been added as a new article to provide that a Director who is neither in the whole time employment of the Bank nor a Managing Director may be paid remuneration for extra services rendered subject to the provisions of the Act.

Pursuant to the provisions of Section 14 of the Companies Act, 2013, amendment of Articles of Association requires

approval of shareholders by way of a special resolution. Hence this resolution

Your Directors therefore submit the resolution for your consideration and recommend it to be passed as a special resolution.

A copy of the existing as well as amended Articles of Association of the Bank is available for inspection at the Registered Office of the Bank during working hours on working days.

No Director, Key Managerial Personnel of the Bank or their relatives is in anyway concerned or interested in the Resolutions.

ITEM NO. 11

The Bank has received notice pursuant to the provisions of Section 160 of the Companies Act, 2013 proposing the candidature of Mr. Sonam Wangchuk (DIN: 07662456) for directorship of the Bank.

Regd. Office:
Corporate Headquarters,
M. A. Road,
Srinagar - 190 001
Dated: 10th August, 2019

The Bank has also received from Mr. Sonam Wangchuk (DIN: 07662456):

- (i) Consent in writing to act as Director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules 2014, and
- (ii) Intimation in Form DIR 8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under Section 164 (2) of Companies Act, 2013.

The brief profile of Mr. Sonam Wangchuk (DIN: 07662456) is provided in annexure to this notice.

No Director or Key Managerial Personnel of the Bank or their relatives are in anyway concerned or interested in the Resolution.

Directors recommend the adoption of Resolution to be moved at the Meeting in this regard.

Implementation of Financial Inclusion Plan (FIP)

After successful completion of FIP-I and FIP-II, under directives from RBI, a roadmap for opening "Brick & Mortar" branches or CBS-Enabled Banking Outlets in the villages with population more than 5000 where there is no branch of any Scheduled Commercial Bank was formulated. J&K SLBC, in coordination with concerned Lead District Managers, identified 104 such villages in J&K State. In terms of the directives from RBI these villages were allocated among the 8 major Scheduled Commercial Banks operating in J&K State (JK Bank - 48; SBI - 15; PNB - 11; HDFC Bank - 11; ICICI Bank - 5; Canara Bank - 5; UCO Bank - 5; Central Bank of India - 4) for opening "Brick & Mortar" branches or CBS-Enabled Banking Outlets. As at 31.03.2019, 53 villages have been covered for banking services with opening of 10 branches and 43 CBS-Enabled Banking Outlets in the identified villages out of which, 28 villages have been covered by J&K Bank; 13 villages by SBI; 8 villages by PNB; 2 villages by UCO Bank and 1 village each by ICICI Bank & Canara Bank.

Responsibility of setting up of RSETIs in J&K State:

In terms of guidelines issued by Ministry of Rural Development, Government of India, setting up the Rural Self Employment Training Institutes (RSETIs) in all the districts of J&K State was assigned by Lead Bank Department /J&K SLBC to two Banks, viz. J&K Bank and SBI as per their Lead Bank responsibility.

Accordingly, J&K Bank has set up 12 RSETIs in its allocated 12 lead districts of Srinagar, Ganderbal, Budgam, Baramulla, Bandipora, Kupwara, Anantnag, Kulgam, Pulwama, Shopian, Poonch and Rajouri. State Bank of India has also set up 9 RSETIs in its allocated 10 lead districts of Jammu, Samba, Kathua, Udhampur, Reasi, Doda, Ramban, Kishtwar, and Leh. RSETI at Kargil has not been operationalised by SBI as yet. The performance of RSETIs in conducting training programmes and the number of persons benefited through credit linkage is being reviewed in quarterly SLBC meetings.

Responsibility of setting up of FLCs in J&K State:

In terms of RBI guidelines, target of setting of Financial Literacy Centres (FLCs) in all the districts of the state has been fully accomplished with J&K Bank having made 12 FLCs operational in its 12 allocated lead districts and SBI having made 10 FLCs operational in its 10 allocated lead districts. In addition, PNB, JKGB, EDB and J&K State Cooperative Bank have also established 4, 2, 2 & 1 FLCs respectively in various districts of the state which takes the total number of FLCs in J&K State as at 31.03.2019 to 31. The performance of FLCs in conducting the Financial Literacy Camps as per the guidelines from RBI is being reviewed at various forums including quarterly SLBC Meetings.

100% coverage of farmers under KCC Scheme

The initiative of 100% coverage of farmers under KCC Scheme with the target to cover 9.81 lakh interested farm operating families (target fixed by Agriculture Production Department) which was launched in J&K State in January 2012 in terms of directives of GoI, MoF stands accomplished in the State. Banks in J&K State have already accomplished the assigned targets by covering all the identified farm operating families under KCC.

Brand Building

In the world of banking and finance, it is the brand perception that primarily represents the health of an organization in the public imagination besides numbers in its balance sheet.

Being proactive in our brand promotion, we have consistently and successfully increased our brand exposure thereby deepening the requisite awareness within the evolving public consciousness to increase brand recall, thus enhancing our brand value during the financial year 2018-19. The bond of trust between all the stakeholders and the bank was further cemented through regular streaming of effective and needful messaging at all the levels through all the means during the financial year.

The bank's products, services, and facilities were successfully publicized across the operational geographies. Also, the marketing campaigns initiated by the bank to garner more business and meet the quarterly targets were duly publicized with proper follow-up processes.

Besides, the functioning and accomplishments of the bank were effectively communicated to the relevant target audiences including the major stakeholders along with the customers, share-owners, other stakeholders and the general public through customized and efficiently packaged communications using print and multi-media outlets within the state and relevant channels across the country. Leveraging our presence in the social-media universe, we further strengthened and streamlined our online presence to reach out to the larger audiences and enhance the bank's brand image using highly popular mediums of social connectivity platforms especially Facebook, Twitter, Instagram, and YouTube.

Corporate Social Responsibility Policy

As a responsible institution, J&K Bank is committed to Corporate Social Responsibility (CSR). The Bank has in place Board approved policy on Corporate Social Responsibility. With an aim to instill a sense of relief and protection among the most vulnerable sections of society, the Corporate Social Responsibility (CSR) policy of the bank identifies key responsibility areas and seeks to assimilate the CSR ideals into its empowerment mission for optimising its social performance. The CSR policy is available on the website of the Bank. (<https://www.jkbank.com/others/common/policy.php>).

The Bank retained its comprehensive focus on activities for the larger community welfare through CSR initiatives concentrating on people's health, education, environment and society at large. The statutory disclosures with respect to the CSR Committee and a report on CSR Activities forms part of this Report as Annexure 1.

Performance Evaluation of the Board

The Nomination and Remuneration Committee (NRC) has approved a framework/policy for evaluation of the Board, Committees of the Board and the individual Members of the Board (including the Chairperson). In conformity with the said policy requirements following is the process of evaluation:

- The performance evaluation of all the independent directors is conducted by the entire Board excluding the Director being evaluated.
- Independent Directors evaluates the performance of non - independent directors, Chairperson and Board as a whole and submits its report to the Board along with necessary comments and suggestive course of action arising out of the evaluation.
- The performance evaluation of the Committees of the Board is conducted by the entire Board.

A questionnaire for the evaluation of the Board, its Committees and the individual Members of the Board

(including the Chairperson), designed in accordance with the said framework and covering various aspects of the performance relating to the following is forwarded to individual Directors:

Board :	Board composition & quality, Board meetings & procedures, Board development, Strategy & Risk management, Board & Management relations, Succession planning and stakeholder value & responsibility.
Committees of the Board:	Functions & duties, Management relations, Committee meetings & Procedures,
Chairman of the Board:	Managing Relationships, Leadership, Role & Responsibility
Individual Directors:	Participation in meetings, managing relationships, Knowledge & skills & Personal attributes.

The responses received to the questionnaires on evaluation of the Board, its Committee, individual Directors and Chairman are consolidated and discussed by the Board.

Your Bank has in place a process wherein declarations are obtained from the Directors regarding fulfilment of the 'fit and proper' criteria in accordance with RBI guidelines. The declarations from the Directors other than members of the NRC are placed before the NRC and the declarations of the members of the NRC are placed before the Board. Assessment on whether the Directors fulfil the said criteria is made by the NRC and the Board on an annual basis.

Corporate Governance

The Bank has established a tradition of exemplary practices in corporate governance. It encompasses not only regulatory and legal requirements, but also several voluntary practices, aimed at high level business ethics, effective supervision and enhancement of stakeholders volume. Several matters have been voluntarily included in the statement on corporate governance annexed to this report, besides certificate from the Central Statutory Auditors regarding compliance of conditions of Corporate Governance as stipulated by the SEBI (Listing Obligations & Disclosure Requirement) Regulations, 2015.

Management Discussion and Analysis

The Management Discussion and Analysis Report for the year under review is presented in a separate section forming part of this report.

Whistle Blower Policy & Vigil Mechanism

The Bank has implemented a Whistle Blower Policy pursuant to which Whistle Blowers can raise concerns relating to reportable matters (as defined in the policy) such as breach of J&K Bank Code of Conduct, fraud, bribery,

corruption, employee misconduct, illegality, health & safety, environmental issues and wastage/misappropriation of banks funds/assets, etc. Further, the mechanism adopted by the Bank encourages the Whistle Blower to report genuine concerns or grievances and also provides for direct access to Chairman of the Audit Committee, in exceptional cases. The policy is available on the website of the Bank at the link: <https://www.jkbank.com/others/common/policy.php>.

It is hereby affirmed that the Bank has not denied any of its personnel access to the Chairman of the Audit Committee of the Board and that the policy contains adequate provisions for protecting Whistle blowers from unfair termination and other unfair prejudicial and employment practices. However, none of the cases were referred to the Audit Committee of the Bank.

Risk Management

The risk management framework of our bank is based on accepting various risks, controlled risk assessment, measurement and monitoring of these risks. The Board sets the overall risk appetite and philosophy for the Bank. The Board, Integrated Risk Management Committee of the Board (IRMC), which is a sub-committee of the Board, reviews various aspects of risk arising from the businesses of the Bank & frames, monitors and reviews the risk management framework. The Bank's risk management processes are guided by way of well-defined policies adopted appropriately for various risk categories, independent risk oversight and periodic monitoring through the sub-committees of the Board of Directors & Asset Liability Committee (ALCO). Executive/senior management committees; Credit Risk Management Committee (CRMC), Operational Risk Management Committee (ORMC) and Market Risk Management Committee (MRMC) operate within the broad risk management framework of the Bank.

To monitor and manage risk, the Bank has a multi-layered risk management structure to identify measure, monitor, control, mitigate risks and has in place policies relating to management of credit risk, market risk, operational risk, asset-liability and Pillar II risks. Risk management is administered by Executive/Senior management committees & Chief Risk Officer (CRO) through Integrated Risk Management Department (IRMD). IRMD has dedicated divisions for credit risk, operational risk, market risk management & pillar II risks. Business continuity plan and Information security plan also forms part of risk management functions in the Bank. Treasury activities are separately monitored by mid office, which reports to Risk Management Vertical. The Bank has formulated a comprehensive Stress Testing Policy to measure impact of adverse stress scenarios on the adequacy of capital.

The key components of the Bank's risk management rely on the risk governance structure, comprehensive processes and internal control mechanism based on approved policies and

guidelines. The policies approved from time to time by Board of Directors/ IRMC, Committees of Board form the governing framework for each type of risk.

Statutory Auditors

Historically the appointment of Statutory Auditors of the Bank was made by the C&AG of India and the remuneration was fixed by the Shareholders as per the RBI circular applicable to Public Sector Banks. However, during the FY 2018-19 Reserve Bank of India advised the Bank to seek its approval for appointment of Auditors as mandated under section 30(1A) of the Banking Regulation Act, 1949. The Bank in turn approached RBI/ C&AG for allowing the Bank to appoint auditors subject to prior approval of RBI. The communication in this regard continued till the end of previous Financial Year. Owing to paucity of time for finalization of accounts, the Bank requested RBI to approve auditors selected by C&AG for the previous financial year only. The Bank had four (4) Central Statutory auditors appointed by the C&AG of India for the year under review as under:

1. O.P Garg & Co, Chartered Accountants, Jammu
2. P.C Bindal & Co, Chartered Accountants, Srinagar
3. K.K Goel & Associates, Chartered Accountants, Jammu
4. Verma Associates, Chartered Accountants, Srinagar

For the FY 2019-20, the appointment of Statutory Auditors of the Bank will be subject to appropriate directions from the RBI / C&AG.

There are no qualifications, reservations or adverse remarks by the statutory auditors in their report. Further pursuant to section 143(12) of the Companies Act, 2013, the statutory auditors of the Bank have not reported any instances of frauds committed in the Bank by its officers and employees.

Comments of C & AG

Comments under Section 143(6) of the Companies Act, 2013 on the accounts of the Bank for the Financial Year ended 31st March, 2019 were received by the Bank on 15th July, 2019. The Banks reply to the comments of C & AG are furnished as under:

Comments of C&AG of India

- A Appropriations
Statutory Reserves ₹16.22 crore
Above does not include ₹3.61 crore being appropriation of 25 per cent of the net profit earned during the year. Since an amount of ₹14.43 crore has been charged to Profit and Loss Account on account of depreciation on revalued portion of fixed assets and equivalent amount has been transferred from Revaluation Reserve Account to Revenue Reserve Account without routing through P&L Account, the net profit for the year has been understated to the extent of ₹14.43 crore. This has resulted in less appropriation of ₹3.61 crore to the Statutory Reserve and excess appropriation to the revenue reserve to the same extent
- B Expenditure
Operating Expenses (Schedule 16)
Other Expenditure ₹454.73 crore
Above includes expenditure of ₹95.71 crore shown as "Miscellaneous expenditure" incurred by the bank during the year 2018-19. As per Guidance Note on Audit of Banks issued (2019 Edition) by ICAI, in case any particular item under the head 'Other Expenditure' exceeds one per cent of the total income, particulars thereof are required to be given by way of notes. However, the Bank has not given particulars of miscellaneous expenditure in notes to accounts despite the same being in excess of one percent of total income.
- C The Bank has not been forwarding its annual report on its working and affairs to the State Government to enable its placement in the State Legislature, as required Under provisions of Section 395 of the Companies Act, 2013.

Bank's Response

A The Accounting Standard, AS 10 (Revised 2016) relating to Property, Plant Equipment, provides that the revaluation surplus included in owners' interests in respect of an item of property, plant and equipment may be transferred to the revenue reserves when the asset is derecognised. This may involve transferring the whole of the surplus when the asset is retired or disposed of. However, some of the surplus may be transferred as the asset is used by an enterprise. In such a case, the amount of the surplus transferred would be the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on its original cost. Transfers from revaluation surplus to the revenue reserves are not made through the statement of profit and loss".

As per the Statutory Central Auditors of the Bank the treatment is in accordance with AS 10 (Revised 2016)

- B Noted for Compliance. Necessary instructions regarding Debit freezing of Misc Expenditure Head stand implemented in the Bank. As such, in future, no expenditure having a distinct accounting head shall be debited to Misc. Expenditure head. The breakup of Misc Expenditure for FY 2018-19 shall be read out at the AGM.
- C Noted for compliance. The Bank has been forwarding Annual Report to the State Govt. in the capacity of shareholder. However, Annual Report for the FY 2018-19 shall be forwarded to the State Government separately after the approval of shareholders at the ensuing AGM of the Bank.

The Annual Report on Corporate Social Responsibility (CSR) Activities

Policy Perspective

Corporate Social Responsibility (CSR) is an approach adopted by a company that contributes to sustainable development by delivering economic, social and environmental benefits of stake holders and J&K Bank just believes the institutional growth is akin to empowering every section of society. At J&K Bank, Corporate Social Responsibility is not merely compliance but a social investment to help sustainability of society. It is a commitment to support initiatives that measurably improve the lives of under-privileged by addressing their needs. J&K Bank has the distinction of being called the "Socially Conscious Corporate Citizen" of the country.

Under CSR, the J&K Bank has focused on continuous commitment to the social, economic upliftment of the underprivileged sections of the society and promote inclusive, harmonious social economic welfare, community empowerment, capacity building and protection of environment.

In alignment with the mission of social empowerment, the bank as a socially responsible corporate citizen, shall endeavour enhancement of value creation in the society and the community it operates, through its CSR activities, which ultimately would promote sustained growth of the society and protection of environment.

Key areas of J&K Bank's CSR Projects/ Programmes

- a) Community Development Initiative
- b) Promotion of Education
- c) Preventive Healthcare
- d) Promotion of Sports activities
- e) Sanitation
- f) Preserving Ecology/Heritage
- g) Skill Development.

Overview of the activities

Key initiatives undertaken during the reporting year were:

Community Development

During the FY 2018-19, a number of initiatives were undertaken by bank in this direction. The activities under Community Development initiative varied from development of Rajinder Park Canal Road Jammu for joggers and general public, providing basic amenities/equipment to Night Shelter Home at Boria Basti Jammu. The bank contributed towards the Kerala Relief Fund for the people affected by last year's Kerala Floods. Besides an Omni ambulance was provided to

the Idara-Auqaf Gousia Trust and water purifiers installed at Mini Secretariat Ganderbal for the usage of large number of people visiting the said office. J&K Bank undertook the electrification of revered shrine of Baba Peer Budhan Shah Ji Jammu which is being visited by thousands of the devotees from across the country. In addition to the aforementioned activities under community development, the bank also installed chairs at District Hospital Rajouri and provided inverter to District Child Protection Unit Budgam.

Promotion of Education

Education being the corner stone in nation building, J&K Bank has given top priority to promotion of education under its CSR programme. A considerable portion of CSR funding was spent in the field of education. The University of Jammu was provided with the electric vehicle for specially-abled students. J&K Bank also contributed to the STUDENT'S WELFARE FUND to be utilized for poor children, who find it difficult to get the admission despite being meritorious. The bank also provided for renovation of Rotary Inner Wheel School run by Deepak Goswami, a specially-abled artist. Besides Omni Van was provided to IIT Jammu, and a gate antenna was installed at Central University Jammu. In order to provide round the clock electrification to the NIT Srinagar, 60 UPS were provided to the institute for benefit of the students pursuing technical education there. Besides, 50 steel benches and bicycles were provided to the Kashmir University and library of GCW Parade was fully automated by the bank.

Healthcare

The goal of preventive care is to help people stay healthy. The idea is to nip diseases in the bud before they become catastrophic and keep health care costs low. During the year, bank undertook a major step in this direction by providing medical equipments including high-end USG machines to the GK Medical Trust. The medicinal cost of the Haemophilia and Hepatitis patients was borne in this year as well. Besides a USG machine was provided to the Helpline Medical System, an NGO. Also an ambulance was provided to the Bone & Joint Hospital Srinagar in the current year.

Promotion of Sports activities

With corporate involvement, J&K Bank saw possibility of building a sporting culture in the state and establish J&K as a sporting state in the national and international forum. One of biggest CSR activities in the year was giving financial support to Real Kashmir Football Club (RKFC) which attained much fame and highlighted the potential for sports activities like football in the state. The support to RKFC remained the focus of bank's proactive actions for the year so far as promotion of sports activities in the state are concerned.

Sanitation

In line with the Swachhta Hi Seva campaign of the preceding year, this year bank also carried forward the initiative by providing Garbage Carriers to the Jammu Development Authority and also conducting Cleanliness Drives at various locations in Jammu.

The bank has actively participated in the government's "Swachh Bharat Abhiyan" with enthusiasm and compassion for the noble initiative of the government.

Preserving Ecology/Heritage

J&K Bank has been proactively playing its part in preserving ecology and heritage of the culturally rich and diverse state of Jammu and Kashmir. The bank has been undertaking number of measures like planting trees on World Arbor Day every year, developing parks and gardens at barren lands and also undertaking cleanliness drives across the state. Under the premise of "Environment Excellence Programme", the bank has been maintaining thirteen (13) parks/walkways across the state, thereby helping the cause of environmental protection. One of the most prestigious projects undertaken under preserving ecology and environment by the bank has been development and maintenance of Kashmir Golf Course (KGB). David Brinkel, an international ace golf consultant was specifically invited by the Bank to assess the design and landscaping of the golf course who expressed satisfaction on the manner in which the bank has been able to accomplish this high-value project. Rating it as AAA (Triple A), he also lauded the efforts that have gone into the designing and execution of the golf course.

Skill Development

The bank understands the importance of skill development for improving the capabilities and qualifications of the aspiring youth to get employed in the ever growing competitive market. During the current year, the bank provided support to Craft Development Institute Srinagar with infrastructure development so that the students are benefited in the long run.

The bank continued its support towards the educational expenses of Mr. Zahid Qureshi pursuing Engineering at Indian Institute of Information Technology Vadodara.

During the year, Preventive Healthcare and Improving Public Health Delivery System, remained focus of the bank's proactive support especially toward the deprived section of the society through various means. Being consistent towards upgrading the health facilities to the marginalized section of the society, the bank provided USG and other machines to GK Welfare Trust, which is providing the diagnostic facilities to the needy at marginal rates as compared to the market. A substantial part of the preventive healthcare under CSR was spent on the medication of the Hemophilia patients adopted by the bank. Besides an ambulance was provided to the Bone and Joint Hospital Barzulla Srinagar.

The bank, as a conscious corporate, has been proactive and very sensitive to preserve and promote pollution free environment in the state for the larger welfare of the society. Under "Environmental Excellence Programme", the bank has been maintaining (13) parks across the state, indirectly helping the cause of environmental protection, besides well-being of the people. All these initiatives are aimed at making our surroundings and environment not only hygienic but also

reflect the bank's commitment for GREEN surroundings for the larger welfare of the community.

- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of

Foreign Direct Investment, Overseas Direct Investment;

During the period of our audit the Bank has not made any transactions. Hence the reporting of compliance under these regulations does not arise.

- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

During the period of our audit the Bank has not issued any securities under these regulations. Hence the reporting of compliance under these regulations does not arise.

- (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

The Bank has not issued any Equity Shares during the reporting period. Hence, the reporting of compliance under these regulations does not arise.

- (d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Consequent to the resignation of Mrs. Vijayalakshmi R Iyer (DIN: 05242960) as the Independent Director of the Company on 27th March, 2019 there was a change in the composition of the Board of Directors. However, the Bank has the statutory time period of three months for fulfilling the composition requirements as per the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the provisions of the Companies Act, 2013. The Bank also has to reconstitute its Nomination and Remuneration Committee consequent to such change.

- (e) The Securities and Exchange Board of India (Share Based Employee Benefit Schemes) Regulations, 2014;

During the period of our audit the Bank has not issued any securities under these regulations

and also does not have an ESOP plan. Hence the reporting of compliance under these regulations does not arise.

- (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

Complied with the requirements of the regulations for the issue and allotment of 10,000 Non-Convertible, Redeemable, Unsecured Basel III compliant, Tier I Bonds aggregating to ₹ 1000 crores.

- (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

During the period of our audit the Bank has not done any buy back of its securities. Hence the reporting of compliance under these regulations does not arise;

vi. List of other laws specifically applicable to the Bank:

- a. SEBI (Bankers to an Issue) Regulations, 1994

The Bank is registered as Bankers to an Issue with SEBI. The Bank has complied with the applicable regulations in this regard. There was no activity taken up by the Bank during the period under report

- b. The Insolvency and Bankruptcy Code, 2016 and amendments from time to time.

- c. The Banking Regulation Act, 1947 and rules framed there under so far as applicable to the Bank.

During the year under review the Reserve Bank of India:

- (i) had imposed a monetary penalty of ₹3 crores on account of non-compliance of asset classification norms and KYC/AML guidelines.

- (ii) had imposed a penalty of ₹2 crores on the Bank for non-compliance to RBI's directives on "Time-bound implementation & Strengthening of Swift related controls".

- d. The Deposit Insurance and Credit Guarantee Corporation Act, 1961

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India

- (ii) The Bank has complied with all the provisions of the listing agreement and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Consequent to the resignation of Mrs. Vijayalakshmi R Iyer (DIN: 05242960) as the Independent Director of the Company on 27th March, 2019 there was a change in the composition of the Board of Directors. However, the Bank has the statutory time period of three months for fulfilling the composition requirements as per the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the provisions of the Companies Act, 2013. The Bank also has to reconstitute its Nomination and Remuneration Committee consequent to such change.

I further report that the Board of Directors of the Bank is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and the rules made there under.

I further report that the compliance by the Bank of the applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts has not been reviewed in this Audit since the same have been subject to review by Statutory Financial Auditor and other designated professionals.

Notices for the meetings of Board of Directors were sent to all the members of the Board in accordance with the statutory requirement. Agenda and detailed notes on agenda were being sent at least seven days in advance, wherever possible. A system exists for the Board members for seeking and obtaining further information and clarifications on the agenda items before the commencement of the meeting and for meaningful participation at the meeting.

The decisions in the Board Meeting are carried unanimously and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Bank commensurate with the size and operations of the Bank to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. However the same needs to be strengthened further to make it as a centralised system.

I further report that during the audit period the Bank has:

- i. The Share Issue Committee of the Board of Directors had on 14th June, 2018 considered and approved the allotment of 10,000 Non-Convertible redeemable, unsecured Basel III Compliant, Tier 1 Bonds in the nature of Debentures with a face value of ₹10.00 lakhs each aggregating to ₹1,000 crores.
- ii. Obtained the approval of members of the Bank for issue of Unsecured, Redeemable, Subordinated, Non-Convertible, Basel III Compliant Tier 2 Bonds in the nature of Debentures of face value of ₹10 lakhs each aggregating to ₹1000 crores. The approval of members for the said issue was sought by way

of special resolution passed in the 80th Annual General Meeting held on 07th July, 2018.

- iii. Obtained the approval of members of the Bank for issue of securities to Qualified Institutional Buyers as defined under the SEBI ICDR Regulations for an amount not exceeding ₹1000 Crores through Private Placement. The approval of members for the said issue was sought by way of special resolution passed in the 80th Annual General Meeting held on 07th July, 2018 and there were no other specific events / actions in pursuance of the above referred laws, rules, regulations and guidelines having a major bearing on the affairs of the Bank.

Overview of the activities

Key initiatives undertaken during the reporting year are as follows:

Community Development:

During the FY 2018-19, a number of initiatives were undertaken by bank in this direction. The activities under Community Development initiative varied from development of Rajinder Park Canal Road Jammu for joggers and general public, providing basic amenities/equipments to Night Shelter Home at Boria Basti Jammu. The bank also under CSR contributed towards the Kerala Relief Fund for the people affected by last year's Kerala Floods. Besides an Omni ambulance was provided to the Idara-Auqaf Gousia Trust and water purifiers installed at Mini Secretariat Ganderbal for the usage of large number of people visiting the said office. The J&K Bank undertook the electrification of revered shrine of Baba Peer Budhan Shah Ji Jammu which is being visited by thousands of faithful from across the country. In addition to the aforementioned activities under community development, the bank also installed chairs at District Hospital Rajouri and provided inverter to District Child Protection Unit Budgam.

Promotion of Education

Education being the corner stone in nation building, J&K Bank has given top priority to promotion of education under its CSR programme. A considerable portion of CSR funding was spent in the field of education. The University of Jammu was provided with the electric vehicle for specially-abled students. J&K Bank also contributed to the STUDENT'S WELFARE FUND to be utilized for poor children, finding difficult to get the admission despite being meritorious. The bank also provided for renovation of Rotary Inner Wheel School run by Deepak Goswami, a specially-abled artist. Besides Omni Van was provided to IIT Jammu, and a gate antenna was installed at Central University Jammu. In order to provide round the clock electrification to the NIT Srinagar, 60 UPS were provided to the institute for benefit of the students pursuing technical education there. Besides, 50 steel benches and bicycles were provided to the Kashmir University and library of GCW Parade was fully automated by the bank.

Healthcare

The goal of preventive care is to help people stay healthy. The idea is to nip diseases in the bud before they become catastrophic and keep health care costs low. During the year, bank undertook a major step in this direction by providing medical equipments including high end USG machines to the GK Medical Trust. The medicinal cost of the Haemophilia and Hepatitis patients was carried in this year as well. Besides a USG machine was provided to the Helpline Medical System, an NGO. Also an ambulance was provided to the Bone & Joint Hospital Srinagar in the current year.

Promotion of Sports activities

With corporate involvement, J&K Bank saw possibility of building a sporting culture in the state and establish J&K as a sporting state in the national and international forum. One of biggest CSR activities in the year was giving financial support to Real Kashmir Football Club (RKFC) which attained much fame and highlighted the potential for sports activities like Football in the state. The support to RKFC remained the focus of bank's proactive actions for the year so far as promotion of sports activities in the state are concerned.

Sanitation

In line with the Swachhta Hi Seva campaign of the preceding year, this year bank also carried forward the initiative by providing Garbage Carriers to the Jammu Development Authority and also conducting Cleanliness Drives at various locations in Jammu.

The bank has actively participated in the government's "Swachh Bharat Abhiyan" by responding to the call with enthusiasm and compassion for the noble initiative of the government.

Preserving Ecology/Heritage

J&K Bank has been proactively playing its part in preserving ecology and heritage of the culturally rich and diverse state of Jammu and Kashmir. The bank has been undertaking number of measures like planting trees on World Arbor Day every year, developing parks and gardens at barren lands and also undertaking cleanliness drives across the state. Under the premise of "Environment Excellence Programme", the bank has been maintaining thirteen (13) parks/walkways across the state, thereby helping the cause of environmental protection. One of the most prestigious projects undertaken under preserving ecology and environment by the bank has been development and maintenance of Kashmir Golf Course (KGB). David Brinkel was specifically invited by the Bank to assess the design and landscaping of the golf course who expressed satisfaction on the manner in which the bank has been able to accomplish this high-value project. Rating it as AAA (Triple A), he also lauded the efforts that have gone in to the designing and execution of the golf course.

Skill Development

The bank understands the importance of skill development for improving the capabilities and qualifications of the aspiring youth to get employed in the ever growing competitive market. During the current year, the bank provided support to Craft Development Institute Srinagar with infrastructure development so that the students are benefited in the long run.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. **Does the policy relating to ethics, bribery and corruption cover only the company? Yes/No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?**

The Bank is committed to adopting of the highest possible standards of business governance, ethics, regulatory-compliance and related codes of conduct (including Code of Conduct for the Board Members and Senior Management Personnel, The Insider Trading Code, Fair Practice Code etc.) for carrying on its business in a transparent manner with the utmost integrity and accountability at all levels. The bank is also committed in its dealings with its all stakeholders/general public to a transparent business ethos & culture wherein it is safe & acceptable for all employees, directors and other specified stakeholders to voice/ raise their genuine concerns in good faith and in a responsible & effective manner, by providing a framework to promote responsible vigilance mechanism through a whistle blowing mechanism to safeguard the bank against internal/ external threats like frauds, bribery, corruption, abuse of authority, non-compliance to regulatory guidelines, non-adherence to extant systems & procedures involving financial and/or reputational loss through the process of "participative vigilance". The policy sets forth obligations on part of every employee for prevention, detection and reporting of any act of bribery or corruption. In addition to this, the policy also covers complaints made by any officials/ employees / directors / specified third parties of the bank including the subsidiaries / affiliates/ sponsored bank.

2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?**

The Bank had 9 customer complaints pending at the beginning of the year and 325 Service Requests/ Complaints were received during the year; out of which 328 stand redressed and 6 complaints are pending at the end of the Year. During the year no Award has been passed by Banking Ombudsman against the Bank.

With respect to employees, the Bank has a mechanism as provided under the Whistle Blower Policy whereby employees can raise their concerns. A report on the concerns received and the manner in which they are dealt with is periodically reported to the Audit Committee. Bank has also its own developed centralized employees grievance module in peoples system whereby employees can place their concerns online. During the past financial year, no such complaints have been received under Whistle Blower Policy. Resultantly, no complaint was referred to ACB of Board.

The Customer Service Committee (CSC) of the Board of Directors of the Bank functions as the Apex body that monitors/reviews the customer services rendered by the bank. The CSC is chaired by Chairman & CEO of the Bank. Down the line a "Standing Committee on Customer Services" (SCCS) has been constituted which includes official as well as non-official members. An independent feedback is received from non-official members who represent major sections of the society i.e; Professionals, Businessmen, Pensioners etc. SCCS focuses on bridging the gap between the Apex body and various Business Units/ Departments and accordingly the feedback of SCCS is put before CSC of the Board of Directors and they are encouraged to suggest innovative measures for enhancing the quality of Customer Services and overall satisfaction level of the customers. The bank is having robust Customer Grievance Redressal Mechanism.

Principle 2

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities:**

The motto of the bank has been an all-inclusive growth of the state of Jammu and Kashmir. The bank has stood firm on its motto and as a result it has laid an extensive network of its Business Units and allied services across all landscapes and strata of the state. The broader aim of the bank to have a national presence is envisaged by the fact that we are there at all the prime locations of major cities of India and have been catering in a professional and dedicated manner to all sectors across India from Retail to Corporate.

It is worth mentioning that the KCC/Apple Scheme of the bank has helped in changing the micro economics of the state with respect to the rural scenario. The schemes have uplifted the weaker agrarian groups, decreased their dependence on other social classes and made them self-sufficient, bolder and confident. This not only affected the economy of the state in a positive manner but also changed the mindset of the economically backward agricultural sector. Today the said strata is not only living a secure life but is also dreaming of a better one.

The bank under its initiative of Corporate Social Responsibility has been trying to help the people of all strata irrespective of the economic class they belong to. It has been trying to give the citizens of Jammu and Kashmir a quality and world class life style, the proof of which is creation and maintenance of world class civic amenities like parks, providing ambulances to various hospitals/ NGO's and various other events of social and economic importance.

The bank in the area where it has been assigned the role of Lead Bank ensures the equitable growth by means of enforcing the regulatory guidelines of compulsory lending in priority sector and in various Government sponsored schemes by all the member banks, hence maintaining a regulatory vigil and in turn helping transmit the benefit of various schemes to the desiring and deserving people.

As an environmentally responsible corporate, J&K Bank has been striving towards imbibing green sustainable products, processes, policies and practices. 'Go Green' is an organization-wide initiative that promotes cost efficient environment-friendly automated channels and building awareness and consciousness of our environment among employees. The new branches/offices have been designed such that they are equipped with energy efficient air conditioners, LED lights and other energy conservation measures. Energy conservation measures such as installation of energy efficient equipment's are some of the key initiatives taken by the Bank.

To reduce paper consumption, J&K Bank emphasizes the use of alternate banking channels like internet banking, mobile banking, ATMs, and fully electronic branches. The Bank has endeavoured to reach out to the customers and seek their collaboration in the 'Go Green' movement, encouraging online bill payment, online funds transfer and subscribing to e-statements to migrate customers to 'paperless' and 'commute-free' modes of conducting banking transactions.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

Considering the nature of business of the Bank and the products/initiatives referred to above, some of the questions below are not applicable to the Bank.

98.39 %***

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

The Bank does not engage in any form of child labour/forced labour/involuntary labour and does not adopt any discriminatory employment practices. The Bank has a policy against sexual harassment and a committee "Internal Complaints Committee for Prevention, Prohibition and Redressal of Sexual Harassment of Women at Workplace" has been constituted for dealing with complaints of harassment or discrimination. The said policy is in line with the Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act 2013 passed by the parliament in 2013. The Bank, through the policy ensures that all such complaints are resolved within defined timelines. During the year, two complaints were lodged before the committee and both the cases were disposed off after proper enquiry.

8. What percentage of your under mentioned employees were given safety and skill up-gradation training in the last year?

- Permanent employees
- Permanent women employees
- Casual/temporary/contractual employees
- Employees with disabilities

The Human Resources function in the Bank remains focused on creating and developing human capital with focus on building learning infrastructure by imparting trainings to its employees on regular basis within and outside the state. Trainings are being imparted to employees on regular basis at various institutions viz NIBM, CRISIL, CAFRAL & NIBSCOM and at Bank's own training institutions. During the FY 2018-19, 3066 employees across all cadres have been imparted trainings in various fields by deputing them to in-house training facilities and other institutes of repute like NIBSCOM, NIBM, Euro finance etc., however taking into consideration the assignments allotted to employees a good number of employees have been nominated more than once in which case the count adds upto 4195. Out of the said number of employees 826 women employees have been trained. Furthermore out of the 3066 unique number of employees trained, 2363 were permanent employees whereas 703 were contractual in number.

Principle 4

1. Has the company mapped its internal and external stakeholders? Yes/No

Yes, Stakeholder mapping is crucial for the Bank to achieve its objectives.

on end of financial year. If so, provide details thereof, in about 50 words or so.

In the ordinary course of banking business, several customers and borrowers have disputes with the Bank which could result in their filing a civil suit, criminal complaint or a consumer complaint alleging deficiency of services. The Bank always strives to have a cordial relationship with its customers/ borrowers and attempts to have an amicable settlement of the dispute but in some cases needs to pursue legal resolution of the same.

4. Did your Company carry out any consumer survey/consumer satisfaction trends?

The Bank on a continuous basis measures the satisfaction levels of customers transacting across various touch points. As part of this exercise, the Bank has constituted "Customer Advisory Forums" at the Business Unit Level which are required to meet at least once in three months. The Forums consist primarily of the local traders, pensioners & general account holders of the Business Unit. The feedback of such customer meets forms the basis of framing strategies to achieve maximum Customer satisfaction. Besides this, suggestion boxes are provided at every Business Unit to invite customer feedback.

Management Discussion and Analysis

Although there was a strong growth in 2017 and early 2018, the second half of 2018 witnessed a slowdown in the growth rate, reflecting a confluence of factors affecting major economies. The growth rate in 2017 was close to 4 percent and after showing signs of improvement in the first half of 2018 by being at 3.8 percent, it dropped to 3.2 percent in the second half of the year. The main cause for slowing down of growth activity was due to increased trade tensions and tariff hikes between the United States and China, causing a decline in business confidence, a tightening of financial conditions and higher policy uncertainty across many economies. There was more than expected loss of momentum in Euro area economy as consumer and business confidence weakened and the introduction of new emission standards caused a disruption in car production in Germany, investment dropped in Italy as sovereign spreads widened and external demand, especially from emerging Asia, softened. The economic activity of Japan was hurt by natural disasters. Trade tensions increasingly took a toll on business confidence worsening the financial market sentiment, with financial conditions tightening for vulnerable emerging markets in the spring of 2018 and then in advanced economies later in the year, weighing on global demand. A more accommodative monetary policy stance by US Federal Reserve made the conditions easy for 2019 and markets became more optimistic about a US-China trade deal, but they remained slightly more restrictive than in the fall. On the other hand, many developed countries have grown close to their potential, while unemployment rates have dropped to historical lows. Among the developing economies, the East and South Asia regions remain on a relatively strong growth trajectory, amid robust domestic demand conditions.

As per World Economic Situation and Prospects 2019, Global growth is expected to remain at 3.0 per cent in 2019 and 2020, however, there are associated risks with the growth which could snowball and be an impediment for the development projects around the world and disrupt economic activity. These risks include an escalation of trade disputes, an abrupt tightening of global financial conditions, escalation of tensions between nations and intensifying climate risks.

The International Monetary Fund (IMF) has provided a challenging outlook for many countries, with considerable uncertainties in the short term, especially as economy growth rates in advanced countries reach near their potential. IMF has forecast global growth to slow to 3.3% in 2019 from 3.6% in 2018 with a downside risk due to trade tensions and chaotic Brexit. China is forecast to grow 6.3% in 2019 and 6.1% in 2020.

On the domestic front, IMF has reduced India's growth forecast for the next two years, citing softer recent growth and weaker global outlook, but expects the country to be

the fastest growing major economy. It has slightly reduced the expectations and has projected India's economy to grow at 7.3% this fiscal, the reduction being mainly on account of a softer underlying momentum. This is 20 basis points lower than January outlook and 10 basis points lower than October's forecast, though the growth is estimated to go up at 7.5 per cent during 2020-21. The World Bank also expects India to grow at 7.5 % in 2019-20 and 2020-21.

According to domestic official estimates, Indian economy grew 7% in FY19, slowest in the last five years. IMF expects growth to recover in the current fiscal and the next. As per the IMF growth in the country is projected to pick up to 7.3% in 2019 and 7.5% in 2020, supported by the continued recovery of investment and robust consumption amid a more expansionary stance of monetary policy and some expected impetus from fiscal policy. The growth is expected to stabilize at just under 7.75%, based on continued implementation of structural reforms and easing of infrastructure bottlenecks. Inflation is expected to remain below the Reserve Bank of India's threshold of 4% in the current fiscal at 3.9% and marginally exceed at 4.2% next year. Current account deficit is seen at around 2.5% of GDP.

Outlook for Asia

Emerging Asia (excluding Japan), like 2017, grew by 6.2% in 2018. The realities underlying this stability, however, are more uneven and some countries experienced a slowdown. In China, economic growth slipped from 6.8% to 6.6% reflecting weaker foreign trade as well as weaker domestic demand. Industrialized Asia (South Korea, Hong Kong, Taiwan, Singapore and Malaysia) also decelerated. In contrast, India's growth was at full throttle, surging from 6.7% in 2017 to 7.1% in 2018.

Over the course of 2018, economic growth in China and the entire Asia region began to slow in the 2nd quarter, and weakened further in the 2nd half of the year. The recent slowdown in China's industrial output reflects declining exports, as well as a cooling real estate market and slowing automotive sector.

Global trade slowed during the year, due to weaker demand from the US and the eurozone, fluctuations in the global consumer electronics cycle, and, at the end of the year, the increase in US trade tariffs. Nonetheless, Emerging Asia's foreign trade figures improved in the 3rd quarter following the launch of new hi-tech products and also due to the acceleration in shipments of goods to the United States in anticipation of higher trade tariffs. From November, the slowdown in foreign trade became obvious and confidence indicators have fallen sharply since then.

The slowdown in China and Emerging Asia is expected to continue with an estimated average growth of 5.9% in 2019 (BNP Paribas forecasts). This rate, however, is still much higher than other world regions: the projected growth rate for Emerging Countries is 4.7% (Asia accounts for 72% of their growth). The continent's downward trend reflects cyclical factors and external shocks.

India's Outlook 2019-20

India's economy likewise in 2017 has shown a promising growth for the year 2018, jumping from 6.7 percent in 2017 to 7.1 percent in the year 2018. IL&FS, India's largest infrastructure company, defaulted on its debt of ₹91000 crore, having cascading effect on benchmark indices and balance sheets of many companies and mutual funds. Post IL&FS crisis, within a fortnight the whole commercial paper market dried, which till then was very vibrant. At 141, commercial paper (CP) issuances in September were lowest since June 2010, as per data compiled from PRIME Database. The number of issuances was way lower than an average of 630 issuances seen in the first eight months of 2018. This was the first month since August 2013 (174) when CP issuances were lower than 200, having an impact on NBFC borrowings. Hence RBI asked banks to lend more to NBFCs and banks were also asked to be co-originatees of loans to know the type of risks they are getting into. Further RBI asked NBFCs to increase their percentage risk on their books from 10 to 20 percent. The banking landscape in India took a further turn by the merger of Bank of Baroda, Dena Bank and Vijaya Bank. The announcement of loan waivers for farmers, totalling ₹ 1.72 Lakh Crore, were made in the seven states that went for assembly elections in 2018 making a positive impact on banking industry as most of the farm loan NPAs were cleared.

As per IMF the Indian economy is projected to grow at 7.3 percent in 2019 and 7.5 per cent in 2020. As per the RBI, GDP growth in India for 2019-20 is projected at 7.2 per cent - in the range of 6.8 - 7.1 per cent in first half of 2019-20 and 7.3 - 7.4 per cent in the second half - with risks evenly balanced.

As per the Economic Survey 2018-19, FY20 GDP growth rate is estimated at 7% in India which is around a growth of 7.5 % averaged by the country in the last five years. The survey has revealed signs of economic revival and challenges ahead. It showcased the health of various indicators like jobs, farm sector, manufacturing, services, education, etc. Not only have high growth rates been registered, but low inflation and fiscal deficit has also followed. The survey has revealed an improvement in the performance of the banking sector in 2018- 19. The Gross Non-Performing Advances (GNPA) ratio of SCBs decreased from 11.5% to 10.1% between March 2018 and December 2018. The Survey has suggested that MSMEs receive a 10-year sunset clause, that labour laws be deregulated and the sector be given priority in lending.

J&K Economy Survey

The state's GSDP grew at a CAGR of 10.30 per cent, during 2011-12 to 2017-18. GSDP is expected to grow at 11.71 per cent by 2018-19 to reach ₹ 1.57 trillion (US\$ 24.42 billion). As of January 2019, J&K had a total installed power generation capacity of 3,389.21 MW, comprising 1,795.33 MW under central utilities, 1,534.03 MW under state utilities and 59.85 MW under private utilities. The state government has an industrial policy that offers attractive incentives along with a single-window clearance mechanism. Land is allotted at concessional rates in industrial areas on lease for 90 years. The cost of setting up operations is comparatively lower than other states. The Skill Development Policy 2012-17 and the Sher-e-Kashmir Employment & Welfare Programme for the Youth 2009 are the policies undertaken by the government to develop the skills of the indigenous people of the state and offers better employment opportunities.

The state has attracted Foreign Direct Investment (FDI) equity inflows worth US\$ 6 million during the period April 2000 to December 2018, according to data released by Department of Industrial Policy and Promotion (DIPP). J&K has agro-climatic conditions best suited for horticulture and floriculture. Horticulture is the mainstay of the rural economy, providing employment to large number of local inhabitants. Apple production in the state reached 1.74 million metric tonnes in 2017-18. Total tourist arrivals to the state reached 14.32 million in 2017 out of which 14.24 million were domestic tourists and 79.77 thousand were foreign tourists.

The state Budget 2019-20 gives an opportunity for Banks to grow by giving a big push to tangible developmental initiatives with ₹ 30469 crore earmarked for building public and social infrastructure in addition to ₹ 3631 crore already provided under Languishing Projects Programme. Investment in infrastructure is the growth driver for economy and has a cascading impact on all sectors including employment generation and socio-economic development.

Industry Structure and Developments

Indian Banks are classified into commercial banks and Co-operative banks. Commercial banks comprise: (1) Schedule Commercial Banks (SCBs) and non-scheduled commercial banks. SCBs are further classified into private, public, foreign banks and Regional Rural Banks (RRBs) and (2) Co-operative banks which include urban and rural Co-operative banks. Public-sector banks control more than 70% of the banking system assets, thereby leaving a comparatively smaller share for its private peers.

Indian banking industry has witnessed the roll out of innovative banking models like payments and small finance banks. RBI's innovative measures may go a long way in helping the restructuring of the domestic banking industry.

The banking industry has undergone numerous changes over

the past few years to be at par with international banking norms and standards. While the Indian banks' motive has shifted from social banking to profit banking, dependence on ledgers, documents, cheques and slips has been replaced by electronic initiatives or cashless banking in recent years.

Deposits under Pradhan Mantri Jan Dhan Yojana (PMJDY) increased to ₹ 988.74 billion (US\$ 14.27 billion) and 355.4 million accounts were opened in India. In May 2018, Government of India provided ₹ 6 trillion (US\$ 93.1 billion) loans to 120 million beneficiaries under Mudra scheme through the banking sector.

The NPA situation in the Indian banking system has been stabilizing as can be seen in the current financial year. There has been an improvement in growth in credit and deposits. However, net profits continue to remain under pressure.

Banks in India are increasingly focusing on adopting integrated approach to risk management. They have already embraced the international banking supervision accord of Basel, and majority of the banks have already met capital requirements of Basel III.

Rising incomes are expected to enhance the need for banking services in rural areas and therefore drive the growth of the sector. In September 2018, Department of Financial Services (DFS), Ministry of Finance and National Informatics Centre (NIC) launched Jan Dhan Darshak as a part of financial inclusion initiative. It is a mobile app to help people locate financial services in India.

During the FY 2018-19, Reserve Bank of India (RBI) set up Public Credit Registry (PCR) an extensive database of credit information which is accessible to all stakeholders. The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2017 Bill was passed and is further expected to strengthen the banking sector in future.

Banking Sector Outlook 2019

The new resolution framework with the Insolvency and Bankruptcy Code (IBC) and RBI's regulatory framework has been a game changer. Under this revised framework, banks were given 180 days to resolve defaulting accounts of over ₹ 2,000 crore. If banks failed to implement a resolution plan within the timeline, they were required to take the company to National Company Law Tribunal (NCLT) for insolvency proceedings within 15 days of the end of the 180-day period. The framework endeavours to create an environment in which maximum value can be realized from troubled assets, bolstered by the early identification of incipient stress. The shift of power in favour of creditors in the IBC framework will facilitate speedier and impartial resolution process and help in improving the credit repayment culture. The framework provides a market-driven, time-bound process for insolvency resolution of a corporate debtor, thereby helping financial institutions to clean up their balance sheets. Most importantly, it is aiding a paradigm shift in the extant credit culture and discipline.

The digital payments revolution has triggered massive changes in the way credit is disbursed in India. Debit cards have radically replaced credit cards as the preferred payment mode in India, after demonetization. Debit cards has touched a share of 87.14 per cent of the total card spending during the last FY.

Opportunities and Threats

For banks in India, 2019 could be a pivotal year in accelerating the transformation into a more strategically focused, technologically advanced and operationally agile industry, so that they may remain dominant in a rapidly evolving ecosystem. Enhanced spending on infrastructure, speedy implementation of projects and continuation of reforms are expected to provide further impetus to growth. RBI's revised framework is expected to result in transparency, credibility and efficiency of the banking sector.

With a view to motivate banks for timely recognition of stressed assets, RBI obtains weekly information on delinquent accounts. Further, for speedy resolution of the stressed assets, banks have been directed to work out a resolution plans on default of the asset, and has set stringent timelines from default of an account for referring it to the Insolvency and Bankruptcy Code (IBC) process. All these factors suggest that India's banking sector is also poised for robust growth as the rapidly growing businesses would turn to banks for their credit needs.

The banking sector is laying greater emphasis on providing improved services to their clients and also upgrading their technological infrastructure, in order to enhance the customer's overall experience as well as give banks a competitive edge. Also, the advancements in technology have brought the mobile and internet banking services to the fore.

However, this transformation is not going to be easy as most banks have to bear multiple challenges and diverse regulations, legacy systems, new models and technologies, competitors and ever rising expectations of customers. Banking sector is facing challenges in several areas.

- The slowdown of the economy in the last few years leading to a rise in bad loans or non-performing assets (NPAs) remains among one of the biggest threats to the banking sector in India. Because of this problem, the return on equity for banks is still under stress.
- The increasing popularity of FinTech companies is disrupting the way traditional banking has been done. This creates a big challenge for traditional banks because they have to adjust quickly to the changes - not just in technology, but also in operations, culture, and other facets of the industry.
- Regulatory requirements continue to increase, and banks spend a large part of their discretionary budget on being compliant, and on building systems and processes to keep up with the escalating requirement. These challenges continue to escalate, so traditional

banks need to constantly evaluate and improve their operations in order to keep up with the fast pace of change in the banking and financial industry today.

- Consolidation is taking place between PSU banks or even non-performing PSU banks are merging with private sector banks changing the banking landscape & banking ownership in the country.
- The increased competition among banks by way of new emerging banks, payment banks for achieving total financial inclusion, is one of the key reasons which will put pressure on the bottom line of banking stocks.
- Employee turnover in banks has increased over the years depleting them of older, experienced employees resulting in a virtual vacuum at the management levels.

The Bank has the following business segments viz: Treasury, Corporate/wholesale banking, Retail banking and other banking operations. The results of the banking segments are furnished elsewhere in the report.

The Bank has launched a bouquet of new products during the year such as Gold Loan Scheme, Merchant Overdraft scheme and deploying Direct Selling Agents (DSA) in ROI (Rest of India) for housing loans.

For instance, the J&K bank's Gold Loan scheme has been specifically designed to cater to all sectors of the society-particular women-wherein it will not only meet the emergent cash requirements across but also lead to empowerment of women through a discounted rate of interest. In this regard already, a specialized business unit has been set-up, exclusively for women, in the heart of Srinagar.

Similarly, Merchant Overdraft Scheme has been devised keeping in mind immediate cash requirements wherein a hassle free overdraft facility is created against the Point of Sale (POS) receivables without any security.

Likewise, to further consolidate the housing sector in Rest of India (ROI), an historic decision was made wherein Direct Selling Agents have been engaged for pitching of housing loan products in rest of India and subsequently generating sales.

The success of these products hinges on a sharp and effective communication strategy across a multitude of media and marketing platforms. This will disseminate information to target audience for ensuring smooth delivery of these services in a precise, timely and a specialized manner. Also, the emergence of new technology based platforms will also help in augmenting the success of these products and their marketing thereof which will go a long way in strengthening the emotional equity of the Bank with the masses.

Besides the structure of these schemes and marketing techniques is premised on rapid feedback mechanism approach which will further help in improving systems, procedures and products.

The Bank has embarked on a digital transformation journey to promote its digital products besides upgrading the existing products to the best standards to keep up with the latest technological innovations in the banking industry. As a part of digital transformation, extensive thrust has been made to on-board new as well as existing customers of the bank on various digital channels. The percentage of digital transactions has reached 54.18% for quarter ending March 31, 2019. The Bank was rated among the Top 3 Banks in the country for achieving Digital Transaction targets for the

'Digital India Campaign'. The Bank also launched Premium variants of Credit Cards (Platinum and World), Multi-Currency Forex Cards and BHIM Aadhaar app.

J&K Bank - Financial Performance with respect to operational performance and Prospects

During the fiscal 2018-19, the total income was recorded at ₹8488.19 Cr compared to ₹7116.71 Cr for the previous FY, showing a growth of 19%. Interest income improved to ₹7675.56 Cr for the FY2018-19 as against ₹6621.40 Cr for the previous FY recording a YoY growth of 16%. The Non-interest income was at ₹812.63 Cr for the year ended 31.03.2019 as against ₹495.31 Cr for the year ended 31.03.2018. Interest expended increased to ₹4291.63 Cr in the fiscal 2018-19 from ₹3750.61 Cr in the earlier fiscal 2017-18 recording a YoY increase of 14%. Of the total interest expenditure, interest on deposits grew by 11% to ₹4019.10 Cr from ₹3612.35 Cr during the previous fiscal.

The Bank's operating expenses of ₹2478.66 Cr for FY 2018-19 compared to ₹1984.23 cr for FY 2017-18. Operating Profit stood at ₹1717.90 Cr for FY 2018-19 compared to ₹1381.87 cr for FY 2017-18 growing at 24% YoY. After a loss making FY 2016-17, continuing with profitability for the 8th straight quarter, Bank registered a net profit of ₹464.88 Cr for the FY 2018-19. Net NPA ratio of the bank improved further to 4.89 pc as on March 31, 2019. The total business of the bank reached ₹155910.41 Cr registering an increase of ₹18991.16 Cr over the business a year ago. In line with the Bank's focus about consolidation and strengthening of the Bank's Balance Sheet, the emphasis during the last financial year was on arresting the slippage of advances, recovery of NPAs and consolidating the NPA coverage ratio.

The strategy of instilling transparency and faith in the system adopted by the new regime continued in the current year. The Provision Coverage Ratio of the Bank has been maintained at 64.30 pc as on March 31, 2019 from the previous of 65.83 pc as on March 31, 2018. The Standard Loan Book and Investment Book of the Bank now is mostly high rated and the woes of asset quality issues in this portfolio are assumed to be passé. The Bank recorded deposit growth of 12% and gross advances growth of 15% during the year.

Continuing with proper liability management and non-rollover of high-cost bulk deposits kept the CASA ratio of the Bank at 50.70 pc as on March 31, 2019 from 50.89 pc a year ago. The Bank is operating with a better than industry-average NIM of 3.84 pc which has improved from 3.65 pc a year ago. A YoY credit growth of 16 pc is indicative of growth momentum setting in. Efforts of Impaired Assets Portfolio Management vertical has brought about a substantial improvement in reduction/recovery of bad loans to the tune of ₹2749.95 Cr during the FY'19. The Bank has shown a strong resilience with a focused approach in NPA Management and earnings growth by expansion of credit in J&K State.

Bank's superior franchise in its home state as evidenced

by its dominant market share of over 60 pc in loans and deposits continues and is expected to be reinforced further with adoption of a plan based strategy of outgrowing the market. The state contributes 56.24 pc of the loan portfolio, 87.86 pc of overall deposits and 93 pc of CASA deposits of the Bank. Especially in the digital space, bank's share of digital transactions have increased to 60% besides the digital acquisition of personal loans through bank's Phone Pe Loan channel.

The transformation journey undertaken by the Bank by bringing in best consultation and revamping the organizational structure across full spectrum coupled with business expansion strategy will significantly reflect in the performance of the Bank in coming times. The investment in digital infrastructure has been a significant step and shall fetch good returns. The endeavour of the bank is to be future ready as a modern, efficient, customer focused, digitally driven profitable institution. Moreover, the initiatives undertaken by bank since 2017 are expected to yield rich dividends and the bank has envisaged a targeted profit of ₹2000 Crore by 2022.

The Integrated Risk Management Committee (IRMC) of the Board reviews risk management policies of the Bank pertaining to credit, market, liquidity, operational & Pillar II risks that includes strategic risk and reputational risk, Internal Capital Adequacy Assessment Process (ICAAP), stress testing, Business continuity planning & information security. The Committee reviews implementation of Basel III, risk return profile of the Bank, compliance with RBI guidelines pertaining to credit, market, operational and residuary risks faced by the Bank, including actions taken by Asset Liability Management Committee (ALCO). The Chief Risk Officer (CRO) oversees the development and implementation of Bank's risk management functions. Further details in this regard are available in Directors' Report and Corporate Functions Report of this Annual Report.

Internal Control and Systems Adequacy

To strengthen effective controls for compliance to systems & procedures and policy decisions on various operational aspects of day-to-day banking, the bank has well defined internal control measures in place which are commensurate

to its size as also the complexity of operations. Supervision, Control & Audit Vertical examines, identifies and finalizes the Business units / other Operational Offices for the purpose of various types of audit from time to time. Audit Committee of Board provide directions / oversees the audit function of the bank including the statutory / external audit of the bank and inspections of RBI. It reviews the internal inspections / audit functions of the bank - systems, its quality and effectiveness in terms of follow up.

Supervision, Control & Audit Division, Corporate Headquarters examines, identifies and finalizes the Business units/ other Operational Offices for the purpose of various Audits from time to time. As per the approved Audit Policies, this annual exercise is conducted every year so that there is smooth conduct of various Audit like RBIA, Concurrent Audit, Credit Audit, Legal audit etc. In compliance to RBI guidelines, the Bank has already put in place Audit system to strengthen various measures for effective controls for compliance to systems & procedures and policy decisions on various operational aspects of day-to-day banking. The Audits serve as one of the effective tools/modes of (i) early-warning system for detection of irregularities and lapses in daily operations of bank's business units; and (ii) checking recurrence of irregularities, infirmities and deficiencies in banking operations thereby facilitating their detection, diagnosis and initiating desired steps for their rectification, improvement of systems & procedures besides compliance to internal and regulatory guidelines and controlling risks/ preventing frauds. The S, C & Audit Division handles the staff accountability cases other than those having a vigilance angle. The staff accountability cases are got investigated by the field level functionaries located at three S&C Divisions viz. S&C Kashmir, S&C Jammu and S&C Delhi. The cases are then analysed and put to hierarchy for referring to Disciplinary Department or for closure as the case may be.

In the light of the fast changing dynamics of today's banking environment and in tune with the extant guidelines the bank has adopted Risk Based Internal Audit, which includes, in addition to selective transaction testing, an evaluation of the risk management systems and control procedures prevailing in various areas of the bank's operations. The implementation of risk-based internal audit means that greater emphasis is placed on the internal auditor's role in mitigating risks. While focusing on effective risk management and controls, in addition to appropriate transaction testing, the risk-based internal audit not only offers suggestions for mitigating current risks but also anticipates areas of potential risks and plays an important role in protecting the bank from various risks. The Branches and other offices of the bank are also subjected to other audits viz Concurrent Audit, IS Audit, Credit Audit, Legal Audit, Stock Audit, Forex Audit, Snap Inspection, Management Audit and Forensic Audit which form part of the internal control mechanism. These audits are effective tools/modes of early-warning system for

detection of irregularities and lapses in daily operations of bank's business units, checking recurrence of irregularities, infirmities and deficiencies in banking operations.

Vigilance cases emanate from two sources i.e. external and internal sources. The external sources include the complaints from customers as well as non-customers, State & Central government agencies, print media, CAG and RBI. The internal sources consist of mainly inputs from inspections and audits (snap, concurrent, RBIA, information system (IS) audit, off-site surveillance reports etc.). On receipt of any communication from these sources, the fraud angle is got investigated from the concerned S & C Division of the bank and further examined and analysed by the investigating officer at Vigilance Department who scrutinize its various aspects and propose suitable action depending on the severity of the findings in that case ranging from issuance of caution / displeasure letters to termination and dismissal. In case it is deemed that further action is needed at disciplinary level / department for taking the issues to final conclusion, the case is referred to the Disciplinary Department, Corporate Headquarters for completion of disciplinary proceedings as per the extant rules of the bank.

The medicinal cost of the Haemophilia and Hepatitis patients was carried in this year as well. Besides a USG machine was provided to the Helpline Medical System, an NGO. Also an ambulance was provided to the Bone & Joint Hospital Srinagar in the current year.

Promotion of Sports activities

With corporate involvement, J&K Bank saw possibility of building a sporting culture in the state and establish J&K as a sporting state in the national and international forum. One of biggest CSR activities in the year was giving financial support to Real Kashmir Football Club (RKFC) which attained much fame and highlighted the potential for sports activities like football in the State. The support to RKFC remained the focus of bank's proactive actions for the year so far as promotion of sports activities in the State are concerned.

Sanitation

In line with the Swachhta Hi Seva campaign of the preceding year, this year bank also carried forward the initiative by providing Garbage Carriers to the Jammu Development Authority and also conducting Cleanliness Drives at various locations in Jammu.

The bank has actively participated in the government's "Swachh Bharat Mission" by responding to the call with enthusiasm and compassion for the noble initiative of the government.

Preserving Ecology/Heritage

J&K Bank has been proactively playing its part in preserving ecology and heritage of the culturally rich and diverse state of Jammu and Kashmir. The bank has been undertaking number of measures like planting trees on World Arbor Day every year, developing parks and gardens at barren lands and also undertaking cleanliness drives across the state. Under the premise of "Environment Excellence Programme", the bank has been maintaining thirteen (13) parks/walkways across the state, thereby helping the cause of environmental protection.

One of the most prestigious projects undertaken under preserving ecology and environment by the bank has been development and maintenance of Kashmir Golf Course (KGB). David Brinkel was specifically invited by the Bank to

assess the design and landscaping of the golf course who expressed satisfaction on the manner in which the bank has been able to accomplish this high-value project. Rating it as AAA (Triple A), he also lauded the efforts that have gone in to the designing and execution of the golf course.

Skill Development

The bank understands the importance of skill development for improving the capabilities and qualifications of the aspiring youth to get employed in the ever growing competitive market. During the current year, the bank provided support to Craft Development Institute Srinagar with infrastructure development so that the students are benefited in the long run.

HR Initiatives

Human capital of an organization not only plays an indispensable role in achieving the targets and vision but also helps in fostering its growth. It has always remained the main focus of the Bank to improve employee performance, enhance employee efficiency and equip its employees with latest HR practices so that they can compete globally.

Your Bank has always strived hard for betterment of employees and to improve overall processes, system and infrastructure. To ensure the utmost transparency, all the processes of HR are managed through technology, the HRMS tool, Peoples' system 9.2 (latest across industry), through which all issues of employees are managed centrally.

The attendance system is managed centrally through a tool, SOLUS. All the offices and Business Units across the country have been rolled over to Bio-metric Attendance System with 100% percent success.

Bank has transformed all policies related to HR as part of transformation journey with reputed consulting organization M/S Deloitte.

Bank not only enhanced various facilities for In-service employees and Pensioners of the Bank, but also introduced new facilities in their favour.

The process of promotion was carried out across the board. A total of 3379 promotions were effected including promotion of 03 Presidents to Executive President, 10 Vice Presidents to President, 10 Assistant Vice Presidents to Vice President, 103 Executive Managers to Assistant Vice President, 218 Senior Executives to Executive Manager, 624 Executives to Senior Executive, 1227 Associate Executive to Executive, 1040 Banking Associates as Associate Executives, 88 Banking Attendants as Assistant Banking Associates and absorption of 56 Assistant Banking Associates as Banking Associates. A comprehensive J&K Bank training policy has been

drafted wherein recommendations of M/S Deloitte have been incorporated. The policy shall be placed before Board in the ensuing meeting. Based on the training policy a comprehensive training plan has also been prepared which shall be put into practice after the policy is approved by the Board. This shall also require revamping of trainings organizational structure as proposed in the policy.

Risk Management

Bank's risk management framework is based on a clear understanding of various risks, disciplined risk assessment and measurement procedures and continuous monitoring. An independent risk management function ensures that risk is managed through a risk management architect as well as through policies and processes approved by Board of Directors. The Board of Directors have oversight on all the risks assumed by the Bank and approve the risk policies and strategies to establish an integrated risk management framework and control system in the Bank. The risk management function in the Bank strives to proactively anticipate vulnerabilities in the business operations through quantitative or qualitative examination of the embedded risks. The Bank continues to focus on improving its risk measurement systems including automation of the processes wherever feasible to ensure compliance of regulatory requirements as well as bringing efficiency in the risk management framework. The risk management policies and procedures established are updated on continuous basis and benchmarked to best practices. The Integrated Risk Management Committee (IRMC) of the Board reviews risk management policies of the Bank pertaining to credit, market, liquidity, operational & Pillar II risks that include strategic risk and reputational risk, Internal Capital Adequacy Assessment Process (ICAAP), stress testing, Business continuity planning & information security. The Committee reviews implementation of Basel III, risk return profile of the Bank, compliance with RBI guidelines pertaining to credit, market, operational and residuary risks faced by the Bank, including actions taken by Asset Liability Management Committee (ALCO). The Chief Risk Officer (CRO) oversees the development and implementation of Bank's risk management functions.

Credit Risk Management

The Credit Risk Management Policies of the bank seeks to set out guidelines, principles and approaches to manage credit risks and put in place a framework to identify, assess, measure, monitor and control credit risks in a timely and effective manner. The Policies are guided by leading practices of commercial prudence and the highest standards of ethical norms including the key requirements of RBI directives in relation to credit risk management. The bank has adopted a robust credit risk policy which sets forth the operating principles and minimum standards to be complied with, including those that require to be gradually built up to enhance procedures and systems, in relation to appraisal, processing, disbursement and risk management of credit

at Bank. The credit policy provides clear and well defined delegation of loan sanctioning which links risk and exposure amount to level of approval. Segment-wise and borrower category-wise exposure limits are fixed and monitored by the bank to address the risk of concentration.

The Bank's credit risk management structure with Integrated Risk Management Committee (IRMC) of Board at the apex level and Credit Risk Management Committee (CRMC) at the executive level is responsible for overall credit risk management in the Bank. The committees periodically review the credit risk profile, evaluate the overall risk faced by the Bank and develop policies and strategies for identifying and managing credit risk at individual exposure level as well as portfolio level in sync with the bank's credit risk policy designed in accordance with regulatory guidelines.

To measure credit risk in Bank's credit portfolio, Bank has put in place an internal credit rating system that forms core of the credit risk management process and serves as an indicator of diverse risk factors of counter party and also for taking credit decisions in a consistent manner. In addition to the regulatory limits prescribed for credit concentration, Bank has put in place an internal limit framework as a prudent measure to measure and monitor credit and concentration risks within the overall regulatory limits. The internal limits for credit exposure shall be applicable to all credit exposures originated by Bank. Bank has initiated measures for getting corporate credit portfolio rated by RBI accredited rating agencies which besides encouraging good governance practices, shall also assist in assessing performance capability of borrowers over a long run. It also serves as a tool for self evaluation and improvement and provides the Bank an independent credit opinion and impetus to the sanctioning authority, while improving credit risk management from regulatory perspective. The bank has adopted a Standardized Approach as per basel guidelines, wherein the rating assigned by the eligible external credit rating agencies shall support the measure of credit risk.

Operational Risk Management

The Operational Risk Management process of J&K Bank is driven by a strong organizational culture and sound operating procedures which are embedded in all the business operations of the bank and managed through various checks, controls, inspections, audits etc. Integrated Risk Management Committee (IRMC) of Board at the apex level and Operational Risk Management Committee (ORMC) are responsible for the implementation of the Operational Risk framework of the Bank and the management of operational risks across the Bank. The Integrated Risk Management Committee (IRMC) approves the major aspects of the Bank's Operational Risks while the Operational Risk Management Committee (ORMC) periodically reviews the Operational Risk Management (ORM) Policy and Framework, at least once a year. Policies have been put in place for effective

management of Operational Risk in the Bank, which aim to ensure clear accountability, responsibility and mitigation of operational risks. The Operational Risk Management Group (ORMG) within Integrated Risk Management Department (IRMD) is a centralized independent group which is currently following the Basic Indicator Approach (BIA) for Capital Computation. The Bank has instituted a structured process for reporting operational risk incidents on a regular basis.

The Bank has put in place a process to regularly monitor the Operational Risk and material exposures to losses on a quarterly basis. The assessment of the various parameters in the risk profile is done by the respective functional departments and reviewed by IRMD.

Market Risk Management

The market risk management is governed by Market risk policy of the Bank. A well-defined Market risk management framework is in place to assess and minimize risks inherent in treasury operations through various risk management tools. In addition to various regulatory limits, Bank has defined various internal limits like Net Overnight Open Position, Modified Duration, Stop Loss, VaR Limits, PV01 Limit, and Concentration & Exposure Limits and ensures adherence thereof on continuous basis for managing market risk in trading book of the Bank. These limits are stipulated in Market Risk Policy, Investment & Trading Policy, Asset Liability Management Policy. All these policies are reviewed and approved by the Bank's Board of Directors. For the Market Risk Management of the Bank, there is a functional separation between the Treasury Front Office, Mid office and Treasury Back Office.

The Bank currently follows the standardised approach for computation of market risk capital on interest rate related instruments in the trading book, equities in the trading book and foreign exchange risk for its trading portfolio. The Market risk policy aims at defining the risk of losses in on and off-balance sheet positions arising from movements in market prices and the risk of loss due to price volatility.

The Bank maintains diverse sources of liquidity to facilitate flexibility in meeting funding requirements. The Asset Liability Management structure reviews the positions of interest rate and liquidity gap positions in the banking book, sets deposit and benchmark lending rates, reviews the business profile and its impact on asset liability management and determines the asset liability management strategy, as deemed fit, in light of the current and expected business environment. The policy also recognizes that no single risk statistic can reflect all aspects of market risk, therefore various statistical and non-statistical risk measures are used by the bank to enhance the stability of risk measurement of market risk because, taken together, these risk measures provide a more comprehensive view of market risk exposure than any single measure.

Pillar II Risks

The Bank has a comprehensive Internal Capital Adequacy Assessment Process (ICAAP). Under ICAAP, Bank assesses capital position vis-a-vis identified risks and also the future capital requirement of the Bank. ICAAP is to ensure that a bank is aware of its risk profile and has systems in place to assess, quantify and monitor risks. One of the objectives is to determine the economic capital required to cover all risks faced. While Regulatory Capital is the capital that the regulator requires a bank to maintain, Economic Capital is the capital that a bank needs to maintain and is, in general, estimated using internal assessment of all the risks including residual risks. The ICAAP document addresses the following issues:

Identification and assessment of all types of material risks, capital requirement thereof and capital position under stress scenarios.

Capital Planning and Management considering the various

risks faced by the Bank and capital requirement as per the growth strategies formulated by the Bank.

The Bank has a well-defined stress testing policy in place to measure impact of adverse stress scenarios on the adequacy of capital. Periodic stress testing is undertaken on various portfolios to gauge the impact of stress situations on the health of portfolio, profitability and capital adequacy. The stress scenarios are idiosyncratic, market wide and a combination of both. Stress testing enables a Bank in forward looking assessment of risks, which overcomes the limitations of statistical risk measures or models based mainly on historical data and assumptions. It also facilitates internal and external communication and helps senior management understand the condition of the Bank in the stressed time. Stress testing forms an integral part of the Internal Capital Adequacy Assessment Process (ICAAP), which requires banks to undertake rigorous, forward-looking stress testing that identifies severe events or changes in market conditions that could adversely impact the Bank.

Marketing & Product Development

Present day marketing in banking sector encompasses a wide spectrum of functions coupled with devising relevant financial products and services, including its correct pricing, availability through branches and digital platforms. In this context and in a bid to keep up with the ever-changing markets in the country – J&K Bank has launched a bouquet of products such as Gold Loan Scheme, Merchant Overdraft scheme and deploying Direct Selling Agents (DSA) in ROI (rest of India) for housing loans.

For instance, the J&K Bank's Gold Loan scheme has been specifically designed to cater to all sectors of the society—particularly women—wherein it will not only meet the emergent cash requirements across but also lead to empowerment of women through a discounted rate of interest. In this regard already, a specialized business unit has been set-up, exclusively for women, in the heart of Srinagar.

Similarly, Merchant Overdraft Scheme has been devised keeping in mind immediate cash requirements wherein a hassle free overdraft facility is created against the Point of Sale (POS) receivables without any security.

Likewise, to further consolidate the housing sector in Rest of India (ROI), an historic decision was made wherein Direct Selling Agents for pitching of housing loan products in rest of India and subsequently generating sales, have been engaged.

The success of these products hinges on a sharp and effective communication strategy across a multitude of media and marketing platforms. This will disseminate information to target audience for ensuring smooth delivery of these services in a precise, timely and a specialized manner. Also, the emergence of new technology based platforms will also help in augmenting the success of these products and their marketing thereof which will go a long way in strengthening the emotional equity of the Bank with the masses.

Besides the structure of these schemes and marketing techniques is premised on rapid feedback mechanism approach which will further help in improving systems, procedures and products.

Advertising and Publicity

In the world of banking and finance, besides numbers in the balance sheet it is the brand perception that primarily represents the health of an organization in the public imagination.

Being proactive in our brand promotion, we have consistently and successfully increased our brand exposure thereby deepening the requisite awareness within the evolving public consciousness to increase brand recall, thus enhancing our brand value during the financial year 2018-19. The bond of trust between all the stakeholders and the bank was further cemented through regular streaming of effective and needful messaging at all the levels through all the means during the financial year.

The bank's products, services, and facilities were successfully publicized across the operational geographies. Also, the marketing campaigns initiated by the bank to garner more business were duly publicized with proper follow-up processes.

Besides, the functioning and accomplishments of the bank were effectively communicated to the relevant target audiences including the major stakeholders along with the customers, share-owners, other stakeholders and the general public through customized and efficiently packaged communications using print and multi-media outlets within the state and relevant channels across the country. Leveraging our presence in the social-media universe, we further strengthened and streamlined our online presence to reach out to the larger audiences and enhance the bank's brand image using highly popular mediums of social connectivity platforms especially Facebook, Twitter, Instagram, and YouTube.

IT Initiatives during FY 2018-19

Adoption of latest banking technology and innovation continues to remain a thrust area of the bank with the affirmed objective of offering latest digital banking facilities to its customers. The details of various technological initiatives taken during the financial year 2018-19 are enumerated below:

1. Finacle 10 Upgrade

The Finacle version 10 is a much evolved and thoroughly modernized version of the proven Finacle universal banking solution. It is a comprehensive, integrated yet modular business solution that effectively addresses the strategic and day-to-day challenges faced by banks, while empowering banks for future requirements. The latest release Finacle 10.2 has added modules that enhance the functionality richness and provides added features that enable banks innovate on their products and service offerings. The release comes with the key benefits of propelling operational agility and increased productivity, apart from all the functional and operational differentiators available in Finacle version 10.0. With this version, the entire Finacle core banking solution shall be available in Web Services, Service Oriented Architecture (SOA) mode. Major enhancement for web presentation has been made in the customer and account inquiry set of menus, Customer Relationship View (CRV). Another key differentiation factor of this version is the availability of migration path for existing customers in 7.x version series. Accordingly, several reconciliation-related enhancements have been made in this release to ensure version compatibility and standardization. More than 200+ enhancements are effected as part of the reconciliation of various enhancements from Finacle 7.x releases to Finacle 10.2 across multiple banking products and functionalities.

2. SWIFT CBS Integration

Over the last many years sophisticated cyber-attacks have been increasing and the persistence of such threats have underlined the importance of remaining vigilant and proactive over the long term. While Banks have been made responsible for protecting their own environments and access to SWIFT, the Customer Security Programme (CSP) by SWIFT has been introduced in the fight against cyber fraud. The CSP establishes a common set of security controls designed to help Banks to secure their local environments and to foster a more secure financial ecosystem. RBI Vide its Circular Dated August 03, 2016 and November 25th 2016 advised Banks on Cyber Security Controls and controls required to be put in place for trade finance transactions to avoid misuse of SWIFT. RBI Vide Circular Dated 20th Feb 2018 came up with a detailed and more exhaustive circular on time based implementation of SWIFT Security Controls to be implemented by 30th April 2018. Bank, Vide Dated September 2018 submitted the Compliance to RBI on the RBI Stipulated controls and confirmed full compliance to RBI recommendations. Subsequent to this Bank has migrated from SWIFT Version 7.1 to SWIFT Version 7.2 in November 2018 as per SWIFT guidelines and adopted the new architecture wherein middleware system between CBS and SWIFT Alliance Server named as XMM Server was introduced. However in order to do away with manual message creation from treasury as well bank has already taken up ITMS-SWIFT integration project which is under implementation.

3. PFMS

Bank has implemented PFMS solution in order to make all types of DBT payments like Aadhaar, NEFT payments for all central sponsored schemes in a seamless manner. Per quarter around 15 to 17 lac transactions for amount of around 2 to 2.5 Crore is processed through PFMS solution. PFMS and bank communicates with each other through an intermediary SFTP Server which is exposed by bank to CPSMS. The files are exchanged only in the form of xml. File formats are sometimes encrypted or non - encrypted. The files created and uploaded by PFMS are usually stored in From CPSMS folder and the files created and uploaded by bank / CBK are usually stored in ToCPSMS folder. Upload and download functionality from bank end is taken care by CBKconnect integrator. The Upload and Download functionality by PFMS is taken care by PFMS components.

4. E-Banking FEBAUI Customisation

Based on end user feedback and the need to make necessary enhancements in our e-banking setup to ensure it is one of the best in the banking industry,

the customization of the e-Banking user interface has been initiated. E-banking offers ease of access, secure transactions and 24-hour banking options. From small start-up companies to more established entities, small businesses rely on e-banking to eliminate runs to the bank and to make financial decisions with updated information. In an information-driven business climate, companies who do not use e-banking are at a competitive disadvantage. Business owners, accounting staff and other approved employees can access routine banking activity such as deposits, cleared checks and wired funds quickly through an online banking interface. This ease of review helps ensure the smooth processing of all banking transactions on a daily basis, rather than waiting for monthly statements. Errors or delays can be noted and resolved quicker, potentially before any business impact is felt.

5. AML Upgrade

The bank has been using 3i infotech's AMLOCK solution for the last 10+ years for its domestic operations. During this period the product has undergone feature upgrades and additionally new features have been planned for upcoming releases. Latest AMLOCK version upgrade comes with a host of enhancements and optimizations across all AML modules to enable compliance executives to perform their tasks more efficiently and accurately like Alert Risk Scoring, Compliance Dashboards - User Level & MLRO, Peer Profiling, Automated Alert Suppression (Rule Based) and New UI.

6. Mobile Banking Upgrade:

This is a migration upgrade project from existing version 4x to 6x. New user interface at par with industry standard/private sector banks. New features like fingerprint login, complaint management, QR Code regeneration, term deposit closure, changes in Loan module, debit card management, payments, credit card integration would be included.

7. EMV Rollout:

RBI has mandated to stop issuance of Magnetic stripe cards and start issuing only EMV cards. This is for prevention of frauds. Necessary to mandate EMV Chip and PIN card acceptance. The bank has already upgraded its ATM Switch and it is EMV compliant. The testing for the various variants of AGS ATMs has been completed. The EMV rollout has been initiated by the bank.

8. Document Management System (DMS)

DMS Solution has been envisaged to support the complete digitization and associated workflow of documents used/ created by all the Business Units and departments of the Bank. The DMS and workflow

solution shall cater to Enterprise wide document management and workflow functions of Account Opening (Liability & Assets), Automation of the Note Sheet preparation and associated workflow - Business Process Management (BPM) through the DMS solution of various departments / offices of the Bank, digitizing the Account opening forms and associated documents and the legacy documents of various departments and offices. DMS solution would be an engine for the overall Business Process Management and Inherent Workflow processes in the Bank.

9. POS Acquiring- In-house

As a long term POS deployment plan, this project is to setup captive POS infrastructure for J&K Bank so that we have our own POS/merchant acquiring ecosystem. Based on the existing number of POS terminals, this shall enable bank to save approximately ₹2.5 crore over a period of next 5 years. The savings are going to increase with growth in the deployment of POS machines. To implement the solution, M/s FIS has been selected by the bank. The high level scope is to setup IST/Switch for transaction processing, IST/clearing for staging to networks and IST/MAS for merchant accounting and settlement. The solution will integrate with the bank's peripheral systems and required external networks vis-à-vis CBS and Credit card host. The external networks shall include Master Card, Visa, Amex and Rupay.

The implementation has been started and IST/switch has been setup by M/s FIS at Dc, facility Noida. The POS terminal connectivity with our in-house IST switch has also been successfully tested. The required documentation, BIN finalization and other technical aspects are being completed with all the associations.

10. In-house Credit Card

Our Bank is having arrangement with MASTER CARD International for issuing Credit Cards. At present, Bank is having active credit card base of about one lac forty thousand cards. The activity of Credit cards is outsourced to external agencies. Physical Card production and dispatch is carried out by a separate outsourced agency. Transactions, Interest Calculations, Charges, Fee, NPAs, Bill generation, etc. are also processed by the host which is managed by the Outsourced agency.

The Bank desires to implement an in-house Credit Card Management System by acquiring a Credit Card Management Solution comprising, inter alia, of Switch and Card Management Host on a licensed model. Credit Card Management Solution will enable the bank to process multiple type of Card Applications through a single system serving as a single point of origination,

Maintenance and Reporting. The system shall provide adequate fields and a proper workflow to support this process.

11. Bharat Bill Payment System (BBPS)

In order to encourage the bill payment of Utility bills through e-banking, bank has implemented Bharat Bill payment System. BBPS is a structure for operating the bill payment system in the country with a single brand image providing convenience of 'anytime anywhere' bill payment to customers. The objective of the BBPS is to implement an integrated bill payment system through multiple payment modes, and providing instant confirmation of payment. BBPS includes activities to facilitate collection of repetitive (monthly, bi-monthly, quarterly etc.) payments for everyday utility services provided by utility service providers. BBPS for onboarding PDD has been initiated in coordination with J&K Government, NPCI and Telecom Service Provider (TSP). BBPS for Mobile Banking and BHIM Aadhaar Pay shall also be initiated.

12. EARLY WARNING SOLUTION

Implementation of an Early Warning Solution has been initiated in-line with regulatory requirements. EWS Is a Framework for Early Recognition of Financial Distress in Borrower Accounts. The system shall enable early identification of accounts having a potential of turning stressed including early Identification of Red Flag Accounts. The 45 early warning signals as suggested by the regulator would be captured by this system for early identification of RFA accounts.

13. Contact Center Feature Expansions

Enablement of additional features like ATM pin block, Credit Card pin block, call back features, chat & email functions on contact center setup has been initiated by the bank. This shall enable further improving of customer service by provisioning more features and services on contact center like self-account transfer, status of inbound and outbound RTGS, RePIN ATM card, enrolling Aadhaar with account, disabling E-com transactions on ATM and Credit Card and many more other features.

Bank has also initiated the Implementation of DR for Contact Center to ensure effective Business Continuity and Disaster Recovery.

14. Pension payment and processing system:

Payment of pension to retired government employees/ spouses & children of deceased employees is governed by relevant schemes prepared by concerned ministries/ departments of government of India or by state

government and involves payment of basic pension, dearness allowance and other benefits as and when announced by the government. This calculation involves complex and standard procedures. An industry standard application is being procured and implemented for smooth and seamless processing and payment of pension.

15. Government receipts and accounts (GRAS):

Challans are generated from government portal of GRAS for payment of taxes to government. In counter payment mode, depositor shall carry a filled up e-challan form printed from GRAS portal with challan REF ID. Payment will be accepted against this challan REF ID at any branch. This will provide facility of offline payment of taxes by citizens.

16. Campus manager solution:

The bank has various Educational institutional clients (Educational institutional clients here mean the customers of the bank such as schools, colleges, universities etc.) which besides maintaining high value deposits, also generate fresh deposit base by means of round the year fee collections. However utilization of collection services of the bank by these institutions involves fee collection over banking counters resulting in high footfall of customers at business units. As such the Bank has procured an Enterprise Resource Planning (ERP) solution with integrated payment collection module application for collection of fees and other dues on behalf of banks Educational institutional clients so that footfall at the business units is reduced and the institution becomes a long term captive client.

17. Implementation of PEP Databases

Banks have been advised by RBI to follow certain customer identification procedure for opening of accounts and monitoring transactions of a suspicious nature for the purpose of reporting it to appropriate authority. These 'Know Your Customer' guidelines have been revisited in the context of the recommendations made by the Financial Action Task Force (FATF) on Anti Money Laundering (AML) standards and on Combating Financing of Terrorism (CFT). PEP-Check enables organizations to run checks on potential and existing clients against official sanction lists, PEP (politically exposed person) lists, and risk lists (watch lists and blacklists) as required by law and recommended by the international FATF (Financial Action Task Force). Bank is in the process of acquiring PEP check services from the leading industry players to comply with the revised 'Know Your Customer' guidelines.

18. ATM POS Monitoring

As ATMs are critical self-service channels that need to be monitored and managed to ensure business continuity and positive customer experience. The challenges that need to be addressed include proactive avoidance of escalation, lower mean time to repair (MTTR), insightful reporting and higher ATM availability that translate into enhanced customer satisfaction, and increased transactions and interchange revenues. ATM/ POS monitoring tool will help the bank to take the ATM/ POS monitoring to next level by proactively acting on alerts raised by this tool. The project for implementation of the solution has been initiated by the bank.

Financial Inclusion:

The objective of financial inclusion is to reach out to the hitherto unbanked population and extend financial services to unlock its growth potential. The bank formulated financial inclusion plan (FIP) envisaging reaching out to and providing banking outlets for delivery of basic banking services in allotted identified unbanked villages. The details of village allocation and other FIP related information is mentioned hereunder:

- SLBC has allocated to J&K Bank 536 above 2000 population villages and 3271 below 2000 population villages for providing ICT based financial services by the end of March 2016. Bank has already brought the 536 villages (>2000 Population) under the ambit of financial inclusion by opening of Business units and providing BC coverage in all the villages.
- Bank has provided the BC coverage to all the 3271 villages at the end of August 2015 for extending ICT based financial services in the identified unbanked villages.
- Bank has also identified 334 unbanked villages under self-set target and rolled out to BCs under financial inclusion.
- Out of 334 Villages, 9 Villages were repeated in 3271 below 2000 population villages and hence discarded from Bank's self-set target villages. Therefore, the total number of villages rolled out under financial inclusion plan 2013-2016 stands at 4132.
- In addition to 4132 villages, J&K SLBC allocated 1332 new villages/wards to our Bank under PMJDY in two phases which were covered during the three-year period of 2013-16. Also 4 villages outside the state of J&K were

allocated by the RBI. Therefore, a net total of 5468 unbanked villages/wards were covered in the three-year period of 2013-16 under the Financial Inclusion Plan of the Bank including 4 villages outside the State of J&K allocated by the RBI.

- After the introduction of PMJDY, the Department of Financial Services introduced the concept of Sub Service Areas (SSAs). Under SSA, all the 6 Lakh villages across India have been mapped according to the service area of each bank branch in order to have at least one fixed point banking outlet catering to 1000 to 1500 households called as SSA.
- Each SSA needs to be catered by either a BC or by a Business Unit (Bank Branch), depending upon the volume of business and transactions at the location.
- Simultaneously, after the launch of PMJDY, 1173 Sub Service Areas (SSAs) and 754 Urban Wards carved out of the 5468 villages/wards, were also allocated to the Bank for carrying out exhaustive survey of all households with the target to open at least one account per household. PMJDY focuses on coverage of households against the earlier plans which focused on coverage of villages.

RBI selected Villages (Progress/ Achievements)

- RBI has selected 15 model villages allocated to J&K Bank for 100% financial inclusion in the State. All the 15 RBI sites have been made functional for Kiosk (online FI solution). BCs and Business Units catering these 15 RBI adopted villages have been provided with Biometric Devices and PIN PADs.
- Against the 5604 households in all 15 RBI selected villages, 5602 households are covered .

Targets and Achievements under FIP 2016-19

- Financial Inclusion Plan of the Bank for the period of three years i.e. April 2016 - March 2019 has been drawn

mainly on the basis of Phase-II of PMJDY (15th August 2015 - 14th August 2018), The focus ahead shall be on providing access to technology based financial services/ banking facilities in the remote areas through Kiosk banking outlets so as to make banking easier as also on Social Security Schemes including long term Savings, Insurance and Pension Schemes.

- As per the directions of RBI, the FIP of the Bank for 2016-19 has been framed District-Wise in respect of 88 Districts (22 Districts in J&K State and 66 Districts outside J&K State (where 118 Business Units of the Bank are operating). Consolidated FIP for J&K State and Pan India operations has also been framed. As hitherto a mix of two Models viz., Brick and Mortar (Bank Branch Model) and BC Model with more emphasis on the later shall be used for implementing the FIP 2016-19 in J&K State.
- With the objective to integrate the poor and unbanked with financial system, Bank engaged 979 Business Correspondents and 680 B/Us for providing banking services in remote areas as also to facilitate financial inclusion in J&K State as on 31.03.2019. Financial Inclusion Plan 2016-19 envisages engagement of 265 additional BCs. The additional requirement of BCs are to be sourced from the remaining Village Level Entrepreneurs (VLEs), who will be engaged as BCs for the Bank on the terms and conditions as are applicable to the existing BCs. The current FI model of the Bank prescribes engaging VLEs (owners of Khidmat Centers) as Business Correspondents in J&K State. There are number of advantages for the Bank in such convergence like availability of infrastructure, human resource, services, and reliability.
- During the FY 2018-19, 9 more BCs and 46 more Business Units were engaged by the Bank and hence a total of 979 BCs and 680 Business units have been engaged for providing ICT enabled financial services in the State. Moreover 2 BCs and 2 B/Us have been engaged outside the State and the total reached to 981 BCs and 682 Business Units as on 31.03.2019. Hence as per Bank's Board approved policy, Bank has engaged the VLEs of CSCs as BCs. The year on year growth in engagement of BCs up to 31st March 2019 is as under:

S.No	Particulars	No. of BCs	Growth in %
1	Position as on March 2011	218	NA
2	Position as on March 2012	440	102
3	Position as on March 2013	629	43
4	Position as on March 2014	695	10
5	Position as on March 2015	858	23

S.No	Particulars	No. of BCs	Growth in %
6	Position as on March 2016	929	8
7	Position as on March 2017	942	1.4
8	Position as on March 2018	972	3.09
9	Position as on March 2019	981	1

- Further Department of Financial Services, Ministry of Finance, Government of India has been repeatedly emphasizing for the need to strengthening the Business Correspondent infrastructure in order to improve the quality of financial services in remote areas. However, with technological advancements in the current scenario there is a need to be flexible on the issue of engagement of BCs through other channels as well. Engaging BCs through other Channels (prescribed by RBI) shall be explored as and when the need arises.

Financial Literacy cum Credit counselling centres (FLCCs)

- In compliance to RBI directive SLBC advised the J&K Bank for setting up of FLCs in its 12 lead districts. Bank has made all the 12 FLCs functional in its lead districts. The need for financial literacy and its importance for financial inclusion have become widely recognized. To promote financial education and literacy and to create awareness among the people living in the identified unbanked & under-banked areas for successful implementation of Financial Inclusion Plan 2016-19 and to achieve targets set under FIP, our Bank organized more than 2000 Financial Literacy Camps (FLCs) during last two financial years. Various financial literacy programmes were customized to suit the requirements of school/college students, micro-finance clients, SHGs, rural women, bank clients etc. The Bank would continue with its efforts to enhance financial literacy by providing guidance and support to the targeted groups. Further, available technology is being leveraged to create more awareness about the benefits of three Social Security Schemes i.e., PMJJBY, PMSBY & APY.

The consolidated position of Financial Literacy Camps conducted by the 12 FLC facilitators during the financial year (April 2018-March 2019) is appended below:

Financial Literacy Camps through Rural Branches

- In compliance to revised RBI guidelines, SLBC has advised the Banks to conduct one special camp per month for newly included people in the financial system including PMJDY A/C holders and target specific groups of farmers, SHGs, MSEs, senior citizens and school children through their rural branches. Our bank has organized more than 7000 financial literacy camps to create awareness among the people of unbanked areas particularly

Implementation of Social Security Schemes (APY, PMJJBY & PMSBY)

The Social Security Schemes, Atal Pension Yojna (APY), Pradhan Mantri Jeevan Jyoti Bima Yojna (PMJJBY) and Pradhan Mantri Suraksha Bima Yojna (PMSBY) were launched by the Honourable Prime Minister on 9th May 2015 to move towards creating a universal social security system, targeted especially at the poor and the underprivileged.

PMJJBY: The scheme is a one year cover, renewable from year to year, Insurance Scheme offering life insurance cover of ₹2 lakhs for death due to any reason. All savings bank account holders in the age 18 to 50 years in participating banks are entitled to join. The premium of ₹330/- per annum per member will be deducted from the account holder's

savings bank account through 'auto debit' facility in one installment, on or before 31st May of each annual coverage period under the scheme.

PMSBY: The scheme is a one year cover, renewable from year to year, Accidental Insurance Scheme offering accidental death and disability cover of ₹2 lakhs for death or disability on account of an accident. All savings bank account holders in the age 18 to 70 years in participating banks are entitled to join. The premium of ₹12/- per annum per member will be deducted from the account holder's savings bank account through 'auto debit' facility in one installment, on or before 31st May of each annual coverage period under the scheme. Sum insured in case of accidental death is ₹2 Lakh,

sum insured in case of both hands or feet or loss of sight of one eye and loss of use of hand or foot is ₹2 Lakh and sum insured in case of total and irrecoverable loss of sight of one eye or loss of use of one hand or foot is ₹1 Lakh.

APY: Atal Pension Yojna (APY) is a government-backed pension scheme in India targeted at the unorganised sector. APY has been launched with a noble cause of providing Old Age income security for target age group of 18-40 years. Our Bank introduced the APY for implementation from September 2015 and procured the requisite software/ module for the successful execution of the scheme. Under the APY, guaranteed pension of ₹1000/-,2000/-,3000/-,4000/- and 5000/- per month will be given at the age of 60 years.

Technology readiness for PMJDY Implementation

Online FI Solution (Kiosk Solution)

Bank decided to implement Online FI Solution prior to launching of PMJDY by Prime Minister in August 2014. Basic requirement for implementing technology platform for PMJDY is to have an online FI system in place which is integrated with Banks Core Banking Solution. Bank has engaged M/S TCS as technology service provider for the implementation of web based online FI solution. Financial Inclusion Solution (KIOSK BANKING Model) integrates Biometric and ICT technologies to deliver mainstream banking services like account opening, deposits, withdrawal, remittance, Balance Inquiry etc., to the marginalized sections of unbanked and under-banked population in rural areas in a cost effective and secure manner. These services are being provided to the customer's door step.

In a KIOSK based Model:

- Biometric devices serve the purpose of Finger print grabbing and Verification of account holders to make them enable to transact at BC location.
- PIN PAD devices serve the purpose of making transaction via RuPay/Debit cards (ONUS/ OFFUS), thus making interoperable transactions enable at BC KIOSK.

BC is eligible for the following KIOSK Banking Services:

1. Account Based Transaction Module: The transaction can be made via account Verification Process in which finger print of Customer is captured for the authorization

purpose to let the transaction happen. In this module below mentioned Services are available :

- Balance Inquiry
- Deposit
- Withdrawal
- Fund Transfer
- Mini Statement

2. AEPS Transaction Module: For AEPS based transaction, Customer finger print is first authorized from UID Server and then the transaction is made via application. In this module below mentioned Services are available :

- Balance Inquiry
- Deposit
- Withdrawal
- Fund Transfer
- Mini Statement
- Best Finger Detection (BFD)

3. RuPay Application Module: Transactions are made via RuPay / Debit Cards through PIN PAD Device. Both Intra and Interbank transactions are made through it. In this module below mentioned Services are available :

- Balance Inquiry
- Withdrawal
- Mini statement (ONUS Only)

4. E-KYC Module: BCs can provide E- KYC receipt to Customer after proper verification of Customer's Aadhaar No. and Finger Print from UID server.

5. Account Opening: BC has an access to enroll the Customer for opening of PMJDY accounts, by entering the customer's demographic details in the application. After submission of details from BC end, branch User authorizes the Customer details and capture his Finger Print for account Opening and make him enable to transact at BC location.

Also, It is to mention that the OD limit for BC is 50,000/- and the limit on transaction has been set for an amount of ₹10,000/- per account per day.

Bank has procured 1550 Biometric authentication devices which are being installed at Branches and BC locations for the implementation of the project. Bank has also Procured 950 PIN PADs. Out of 1550 Biometric authentication devices, Bank has issued 1541 devices to BCs and Business Units as on 31st March 2019. Out of 950 PIN PADs, Bank has issued 905 PIN PADs to Business Correspondents as on 31st March 2019 for complete Roll Out of the ONLINE FI SOLUTION.

Customer Service

Customer Service has great significance in banking industry and we are constantly striving to meet the customer demand for on-the-go services while staying in compliance with regulator. The bank ensures that infrastructure facilities are available at the Business Units for valuable customers more particularly for pensioners, senior citizens, and specially-abled.

Bank has adopted the policy of holding regular training programmes for the staff in line with Customer Service orientation, rewarding the Best Business Units and the Best Employees from Customer Service point of view, visits by senior management to the Business Units at periodic levels for on the spot study of the quality of service rendered by the Bank.

Bank has recently introduced centralized Service Request/ Complaint Tracking System wherein the customer can register his service request virtually from anywhere through different channels like email, SMS or phone and get acknowledgement and unique reference number.

Prompting Compliance

The Bank has put in place compliance processes based on RBI guidelines and Bank's own internal standards of governance. There has been a committed effort to follow best industry practices and standards in the areas of accountability, transparency and business ethics. The bank has in place a well-defined compliance policy for identifying and mitigating the level of Compliance Risk in each and every business line, product and process. The bank adheres to all statutory provisions contained in various legislations such as Banking Regulation Act, RBI Act, FEMA, other regulatory guidelines and internal policies of the bank issued from time to time. The adherence is ensured through a well-defined framework of roles and responsibilities for enterprise-wide compliance. To improve compliance culture in the Bank, separate vertical has been created at apex level and full-fledged compliance departments have been created in all the zones of the bank.

Independent Auditors Report

To
The Members of
The Jammu & Kashmir Bank Limited

Report on audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of **The Jammu & Kashmir Bank Limited** ('the Bank'), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss and the Statement of Cash Flows for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information. In which are included the Returns of 61 branches/offices audited by us and 913 branches audited by Statutory Branch Auditor for the year ended on that date. The Branches/offices audited by us and those audited by other auditors have been selected by the Comptroller & Auditor General of India in accordance with the guidelines issued to the Bank by the Reserve Bank of India .
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 in the manner so required for banking Companies and are in conformity with accounting principles generally accepted in India and give a true and fair view of the state of affairs of the Bank as at 31st March 2019, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code

of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 46(b) of the financial statements, that in view of flood during 2014 and disturbances during 2016, Bank rehabilitated affected borrowal accounts under RBI Master Directions issued for Relief Measures by Banks in areas affected by natural calamities. The total amount of rehabilitated/restructured advances stood at ₹3701.00 Crores (Flood & disturbances) as on 31.03.2019. The Bank has recognised funded interest aggregating ₹796.02 crores as interest income in these accounts up to 31st Dec 2017. The Bank has capitalised funded interest (net of recoveries) of ₹513.10 crores by staggering over five quarters beginning with 1st quarter ended 31st March 2018 in compliance of dispensation allowed to the Bank by Reserve Bank of India. Accordingly, the Bank has created interest capitalisation of ₹265.94 crores by corresponding debit to interest income in Profit & Loss account. The interest capitalisation stands completed by 31st March 2019. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

A. IT Systems & Controls

Description of Key Audit Matter

The bank is highly dependent on the reliability, integrity and availability of financial data from its electronic data processing system (MIS). We relied on automated controls and effectiveness of such controls over IT systems.

We observed that the bank is still using the older version of CBS platform (Finacle Core 7.0.25) and has not upgraded to higher version. Core Banking Solutions (CBS) is not biometric enabled and thus access controls require improvement.

Description of Auditor's Response

We performed test of controls and test of details on sample basis. We also relied on the reports of the branch auditors. We have relied on management assertion that the steps are underway to upgrade the system.

B. Provisions and contingencies

Description of Key Audit Matter

As per extant guidelines of RBI the Banks should put in place a Board-approved policy for making provisions for standard assets at rates higher than the regulatory minimum, based on evaluation of risk and stress in various sectors. The bank has not provided for stressed assets which are regularly classified as SMA. Policy also needs to be refined for making provision on Non-Fund exposure to those Non-Performing borrowers where guarantees are still alive but not devolved.

Description of Auditor's Response

The bank has agreed to formulate suitable policy to provide for Standard Accounts under stress.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the

accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the audit of the Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section

143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were

of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

8. We did not audit the financial statements / information of 913 branches/offices included in the standalone financial statements of the Bank whose financial statements / financial information reflect total advances of ₹65,321.55 Crores as at 31st March 2019, as considered in the standalone financial statements. The financial statements / information of these branches have been audited by the branch auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

9. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 and Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.
10. The Comptroller and Auditor General of India has issued directions indicating the areas to be examined in terms of sub-section (5) of section 143 of the Companies Act, 2013, the compliance of which is set out in "Annexure-A" to this Report.
11. As required by sub-section (3) of section 30 of the Banking Regulation Act, 1949, we report that:
 - (a) we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;

- (b) the transactions of the Bank, which have come to our notice, have been within the powers of the Bank;
- (c) the returns received from the offices; and branches of the Bank have been found adequate for the purposes of our audit.
12. Further, as required by section 143(3) of the Act, we report that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
- c) the reports on the accounts of the branch offices of the bank audited under section 143(8) of the Act by branch auditors of the Bank have been sent to us and have been properly dealt with by us in preparing this report;
- d) the Balance Sheet, the Statement of Profit and Loss and the Statement of Cash Flows dealt with by this report are in agreement with the books of account ;
- e) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent they are not inconsistent with the accounting policies prescribed by RBI;
- f) on the basis of written representations received from the directors as on 31 March 2019 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act;
- g) with respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
- h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Bank has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note No.26.12 of Schedule 18-Notes on Accounts attached;
- ii. The Bank did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank

Annexure-B to Independent Auditor's report of even date on the standalone financial statements of Jammu and Kashmir Bank Limited. Report on the Internal Financial Controls under Clause(i)of Sub-section 3 of Section 143 of the Companies Act, 2013

1. We have audited the internal financial controls over financial reporting of Jammu and Kashmir Bank Limited ('the Bank') as at 31st March 2019 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Management's Responsibility for Internal Financial Controls

2. The Bank's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the "Assessment of Adequacy of Internal Financial Controls Over Financial Reporting" in line with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A Bank's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Bank's internal financial control over financial reporting includes those policies and procedures that:
 - (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
 - (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorizations of management and directors of the bank; and
 - (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes

in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

“Notes on Accounts”

Qualitative disclosure for LCR:

The Bank has robust liquidity risk management framework in place that ensures sufficient liquidity including a cushion of unencumbered, high quality liquid assets, to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. Bank has put in place Contingency Funding Plan approved by ALCO and IRMC of the Board. The contingency Funding Plan includes stored Liquidity in the form of 1% of NDTL in the shape of excess SLR and 2% in the shape of CD's/Liquid Funds or 3% in any of the two i.e., excess SLR or CD's/Liquid funds. These investments can be liquidated any time to generate cash and maintain sufficient liquidity for funding, growth and meeting repayment obligations.

Liquidity Coverage Ratio (LCR) BLR-1 aims to ensure that a bank maintains an adequate level of unencumbered High Quality Liquidity Asset (HQLAs) that can be converted into cash to meet liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario.

LCR is being computed strictly as per RBI guidelines issued vide circular DBOD.BP.BC.No.120/21.04.098/2013-14 and subsequent amendments. HQLA primarily include government securities in excess of minimum Statutory Liquidity Ratio (SLR), the extent allowed under the Marginal Standing Facility (MSF) and the Facility to Avail Liquidity for LCR (FALLCR). Cash& balances in excess of cash reserve requirement with RBI also constitute HQLA.

Average LCR of the Bank was 335.40% for the FY 2018-19 which is well above the requirement of 90% prescribed by RBI for the calendar year 2018 and 100% from January 2019 onwards.

LCR statement in the prescribed format is submitted to RBI at the end of every month and put up to the Board and management as part of ICAAP at quarterly intervals.

Independent Auditors Report

To
The Members of
The Jammu & Kashmir Bank Limited

Report on the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of **The Jammu and Kashmir Bank Limited** ('the Bank') and its subsidiary (together, the Group) comprising of the consolidated Balance Sheet as at 31st March 2019, the consolidated Profit and Loss Account, and the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and notes to the consolidated financial statements (herein after referred to as 'the consolidated financial statements'). Also incorporated in these financial statements are the returns of 61 Branches/offices audited by us and 913 branches/offices audited by statutory branch Auditors and one subsidiary audited by the subsidiary company auditor. The branches/offices audited by us and those audited by other the Auditors have been selected by the Comptroller and Auditor General of India in accordance with the Guidelines issued to the bank by the Reserve Bank of India.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 in the manner so required for banking Companies and are in conformity with accounting principles generally accepted in India and give a true and fair view of the state of affairs of the Bank as at 31st March 2019, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under,

and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 46(b) of the financial statements, that in view of flood during 2014 and disturbances during 2016, Bank rehabilitated affected borrowal accounts under RBI Master Directions issued for Relief Measures by Banks in areas affected by natural calamities. The total amount of rehabilitated/restructured advances stood at ₹ 3701.00 Crores (Flood & disturbances) as on 31.03.2019. The Bank has recognised funded interest aggregating ₹ 796.02 crores as interest income in these accounts up to 31st Dec 2017. The Bank has capitalised funded interest (net of recoveries) of ₹ 513.10 crores by staggering over five quarters beginning with 1st quarter ended 31st March 2018 in compliance of dispensation allowed to the Bank by Reserve Bank of India. Accordingly, the Bank has created interest capitalisation of ₹ 265.94 crores by corresponding debit to interest income in Profit & Loss account. The interest capitalisation stands completed by 31st March 2019. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

A. IT Systems & Controls

Description of Key Audit Matter

The bank is highly dependent on the reliability, integrity and availability of financial data from its electronic data processing system (MIS). We relied on automated controls and effectiveness of such controls over IT systems.

We observed that the bank is still using the older version of CBS platform (Finacle Core 7.0.25) and has not upgraded to higher version. Core Banking Solutions (CBS) is not biometric enabled and thus access controls require improvement.

Description of Auditor's Response

We performed test of controls and test of details on sample basis. We also relied on the reports of the branch auditors. We have relied on management assertion that the steps are underway to upgrade the system.

B. Provisions and contingencies

Description of Key Audit Matter

As per extant guidelines of RBI the Banks should put in place a Board-approved policy for making provisions for standard assets at rates higher than the regulatory minimum, based on evaluation of risk and stress in various sectors. The bank has not provided for stressed assets which are regularly classified as SMA. Policy also needs to be refined for making provision on Non-Fund exposure to those Non-Performing borrowers where guarantees are still alive but not devolved.

Description of Auditor's Response

The bank has agreed to formulate suitable policy to provide for Standard Accounts under stress.

Responsibilities of Management and Those Charged with Governance for the consolidated Financial Statements

6. The Group's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and

presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the audit of the Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

8. We did not audit the financial statements / information of 913 branches/offices included in the consolidated financial statements of the Group, whose financial statements / financial information reflect total advances of ₹ 65,321.55 Crores as at 31st March 2019, as considered in the consolidated financial statements. The financial statements / information of these branches have been audited by the branch auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors. Our opinion is not modified in respect of this matter.
9. The accompanying consolidated financial statements include total assets of 20,61,42 thousands as at 31st March 2019, and total revenues of 5,35,85 thousands, net cash outflows of 3,37,07 thousands and loss of 71,50 thousands for the year ended on that date, in respect of one subsidiary, which has been audited by other auditor, which financial statements, other financial information and Auditors reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of subsection(3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the reports of such other auditor. Our opinion on the consolidated financial statements and our report on other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other Auditor.
10. We did not incorporate The Jammu & Kashmir Asset Reconstruction Limited which has been incorporated by Government of J&K and J&K Bank Ltd on 28.04.2017. The Bank has subscribed capital to the tune of ₹98 lakhs whereas Government of J&K has subscribed ₹102 lakhs. The Bank has incurred ₹76, 32,730/- towards incorporation expenses for the company. The State Government has not released the initial Share Capital to the tune of ₹102 Lakhs and the Bank has also not received share certificate till reporting date.

Report on Other Legal and Regulatory Requirements

Directions/sub-directions of Comptroller and Auditor General of India under Section 143(5) of Companies Act 2013 for the FY.2018-19

Sl. No.	Directions/Sub directions	Auditor's comments including action taken wherever required	Impact on accounts and financial statements
1	If the Company has been selected for disinvestment, a complete status report in terms of valuation of Assets (including intangible assets and land) and Liabilities (including Committed & General Reserves) may be examined including the mode and present stage of disinvestment process	Since the Company has not been selected for disinvestment, directions are not applicable.	Nil
2	Please report whether there are any cases of waiver/ write off of debts/loans/interest etc., if yes, the reasons there for and the amount involved.	There are cases of waiver/write off of debts/ loans/ interest etc. amounting to ₹ 20.18 Crores in addition to the waiver of unapplied interest of ₹ 527.46 Crores on account of negotiated settlement with the borrowers defaulting in payment due to the circumstances beyond their control such as death/disappearance of the borrower, recession in economy, no enforceable security, natural calamities such as earthquake, flood, drought, change in Govt. policy, genuine business failure in-spite of sincere efforts made by borrower etc. and where the recovery chances through normal business operations are bleak. During the financial year four accounts (NPA) were sold to Asset Reconstruction Companies (ARC). having total principal NPA balance of ₹745.46 Crores, and unapplied interest of ₹362.15 Crores against sale proceeds of ₹134.03 Crores resulting in sacrifice of ₹ 973.58 Crores	Waiver/Write off resulted in loss of ₹547.64 Crores. Sale of NPAs to ARC resulted in release of Provision held by ₹677.07 Crores and increase of profits by equivalent amount. This has also resulted in reduction in NPAs by ₹ 745.46 Crores.
3	Whether proper records are maintained for inventories lying with third parties & assets received as gift from Govt. or other authorities	As per explanations given to us, the company has not received any assets as gift/grant(s) from government or other authorities. The company has no inventories lying with third parties.	NIL
4	A report on age-wise analysis of pending legal/arbitration cases including the reasons of pendency and existence/ effectiveness of a monitoring mechanism for expenditure on all legal cases (foreign and local) may be given.	There are 472 Cases involving ₹582.25 Crores pending legal/arbitration cases being claims against the bank not acknowledged as debts.	There was no such item in pending legal/arbitration cases which required provisioning.
5	Whether the restructuring of loan was done as per the provisions of the Reserve Bank of India and Bank's own Restructuring of loan Policy.	RBI under supervisory process directed down gradation of 10 restructured standard accounts with total outstanding of ₹414.84 Crores as restructuring was not in compliance of extant guidelines. Additional provision for ₹ 136.21 Crores was provided by the bank as on 31.03.2019	Total provision for ₹156.95 Crores was required and bank has having of ₹20.74 Crores only and as such additional provision for ₹136.21 Crores was created as per RBI directions. This resulted in reduction of Profits by ₹136.21 Crores

Sl. No.	Directions/Sub directions	Auditor's comments including action taken wherever required	Impact on accounts and financial statements
6	Whether the Bank is maintaining/developing various assets of the State Govt. The treatment of the assets and expenditure incurred and revenue earned may be examined and comment may be offered. The expenditure amounting to ₹ 10.43 Crores have been incurred and revenue of ₹ 1.96 Crores has been earned for maintaining/developing parks/gardens and amounts have been debited/credited to the Profit and Loss Account.
7	Whether the branches were doing window dressing and its impact/materiality on the overall deposit portfolio.	As per the reports of the Branch Auditors, some branches attempted window dressing by inflating deposits aggregating ₹ 5.65 Crores at the reporting date which were repaid immediately after close of the year.	There has resulted in overstatement of deposits and Advances by ₹ 5.65 Crores. However impact was not material on the overall deposit portfolio.
8	Whether the Bank has been able to achieve the targets under Priority sector lending, if not, impact on the financial health of the Bank by lending the shortfall amount in Rural infrastructure Development Fund, Small Industrial Development Bank of India, etc. may please be brought out.	As per information and explanations given to us, the Bank has not been able to achieve the targets under priority sector lending. As a result of shortfall, the bank has to made deposits of low yield interest with the following designated agencies as on 31-03-2019: PARTICULARS (₹ In Crores) NABARD :- 927.31 RIDF :- 978.99 SIDBI :- 617.28 NHB :- 298.51 Mudra :- 102.45 TOTAL :- 2924.54	The impact on the financial health is lower rate of return of interest ranging from 3.25% p.a. to 4.75% p.a. received from the agencies with which deposits were made for shortfall.
9	Whether there were cases of greening of advances, up gradation of loan account at the fag end of the Financial Year or delay/non- declaration of Non-performing Assets as per RBI guidelines. Its impact on the profitability and Asset Classification.	Advances amounting to ₹ 384.63 Crores were not declared as NPA as per RBI guidelines which were downgraded after those were identified by the Statutory Auditors and additional provision of ₹ 59.10 Crores and reversal of unrealized interest ₹ 6.98 Crores was suggested.	Auditors identified the said NPAs, where by advances of ₹ 384.63 Crores have been downgraded from the banks standard assets classification. The impact thereof on profit is as follows: 1. Annexure-B to Independent Auditor's report of even date on the consolidated financial statements of Jammu and Kashmir Bank Limited.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

1. In conjunction with our audit of consolidated financial statements of the company as of and for the year ended 31st March 2019, we have audited the internal financial controls over financial reporting of Jammu and Kashmir Bank Limited ('hereinafter referred to as "the Holding Company"') and its Subsidiary Company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its Subsidiary Company, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the "Assessment of Adequacy of Internal Financial Controls Over Financial Reporting" in line with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable

assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:
- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
 - provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its Subsidiary Company, which are Companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

9. Our aforesaid reports u/s.143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relate to one subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company.

- Line by line aggregation/ combination of like items of assets and liabilities, income and expenses after eliminating material intra group balances /transactions, unrealized profits/losses and making necessary adjustments wherever required to conform to the uniform accounting policies. The financial statements of the subsidiary have been drawn up to the same reporting date as that of parent.
- Minority interest in the net results of the operations and net assets represent the part of profit/loss and net assets not owned by the parent and consist of :
 - a) The amount of equity attributable to the minority at the date on which the investment in the subsidiary is made and
 - b) The minority share of movement in equity since date of parent-subsidiary relationship came into existence.

A: Significant Accounting policies followed by the Parent Company

1. Basis of preparation of Financial Statements

The accompanying financial statements are prepared on historical cost basis, except as otherwise stated, following the “Going Concern” concept and conform to the Generally Accepted Accounting Principles (GAAP) in India, applicable statutory provisions, regulatory norms prescribed by the Reserve Bank of India (RBI), applicable mandatory Accounting Standards (AS)/Guidance Notes/pronouncements issued by the Institute of Chartered Accountants of India (ICAI) and practices prevailing in the banking industry in India.

2. Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions for considering the reported assets and liabilities (including contingent liabilities) as on the date of financial statements and the income and expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

3. Transactions involving Foreign Exchange

- i. Monetary Assets and Liabilities as on balance sheet date have been translated using closing rate as at year-end announced by Foreign Exchange Dealers Association of India.
- ii. Exchange differences arising on settlement of monetary items have been recognized as income or as expense in the period in which they arise.
- iii. Outstanding forward exchange contracts are revalued at the exchange rates for appropriate maturity rates as announced by FEDAI at the year-end exchange rates and the resultant gain/ loss is taken to revenue

4. Investments

- i. Investments are classified into “Held-to-Maturity”, “Available-for-Sale” and “Held-for-Trading” categories, in accordance with the guidelines issued by Reserve Bank of India.
- ii. Bank decides the category of each investment at the time of acquisition and classifies the same accordingly.
- iii. “Held-to- Maturity” category comprises securities acquired by the Bank with the intention to hold them up to maturity. “Held-for-Trading” category comprises securities acquired by the Bank with the intention of trading. “Available-for-Sale” securities are those, which do not qualify for being classified in either of the above categories.
- iv. Investments classified as “Held-to-Maturity” (HTM) category are carried at acquisition cost unless it is more than the face/redemption value, in which case the premium is amortized over the period remaining to the maturity using straight line method.

Schedule 17

“Principal Accounting Policies”

- v.
 - (a) The individual scrip's in the “Available-for-Sale” category are marked to market at quarterly intervals. The net depreciation under each of six classifications under which investments are presented in the balance sheet is fully provided for, whereas the net appreciation under any of the aforesaid classifications is ignored.
 - (b) The market value for the purpose of periodical valuation of investments, included in “Available for Sale” and “Held for trading” categories is based on the market price available from the trades/quotes on stock exchanges. Central/State Government securities, other approved securities, debentures and Bonds are valued as per the prices/YTM rates declared by FBIL.
 - (c) Unquoted shares are valued at break-up value ascertained from the latest balance sheet (which should not be more than one year prior to the date of valuation) and in case the latest balance sheet is not available the same are valued at ₹1/- per Company, as per RBI guidelines.
 - (d) Security receipts (SRs) issued by Asset Reconstruction Companies (ARCs) are valued at cost or NAV, whichever is lower, declared periodically by the ARCs. Depreciation, if any, in individual SRs is fully provided for. Appreciation, if any, is ignored.
 - (e) Investment in quoted Mutual Fund Units is valued as per Stock Exchange quotations. An investment in unquoted Mutual Fund Units is valued on the basis of the latest re-purchase price declared by the Mutual Fund in respect of each particular scheme. In case of Funds with a lock-in period, where repurchase price/market quote is not available, Units are valued at NAV. If NAV is not available, then these are valued at cost, till the end of the lock-in period. Wherever the re-purchase price is not available the Units are valued at the NAV of the respective scheme.
- vi. The individual scrip in the “held-for-trading” category are marked to market at weekly intervals and the net depreciation under each of the six classifications under which investments are presented in the Balance Sheet is accounted for in the Profit and Loss account and appreciation is ignored.
- vii. The depreciation in value of investments where interest/principal is in arrears is not set-off against the appreciation in respect of other performing securities. Such investments including Non-performing Non-SLR investments are treated applying RBI prudential norms on NPA Classification and appropriate provisions are made as per RBI norms and no income on such investments is recognized.
- viii.
 - (a) Profit or Loss on sale of Government Securities is computed on the basis of weighted average cost of the respective security.
 - (b) Profit or loss on sale of investments in any category is taken to the Profit and Loss account. In case of profit on sale of investments in “Held-to-Maturity” category, an equivalent amount of profit net of taxes and the amount required to be transferred to Statutory reserve is appropriated to the “Capital Reserve Account”.
- ix. Interest accrued up to the date of acquisition of securities i.e. broken period interest is excluded from the acquisition cost and recognized as interest expense. Broken period interest received on Sale of securities is recognized as interest income.
- x. Brokerage paid on securities purchased is charged to revenue account except for equity investment operations the same is added to the cost of purchase of investment.
- xi. Investments in J&K Grameen Bank/Sponsored Institutions have been accounted for on carrying cost basis.
- xii. Transfer of securities from one category to another is done at the least of the acquisition cost/book value/market value on the date of transfer.

“Notes on Accounts”

Qualitative disclosure for LCR:

The Bank has robust liquidity risk management framework in place that ensures sufficient liquidity including a cushion of unencumbered, high quality liquid assets, to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. Bank has put in place Contingency Funding Plan approved by ALCO and IRMC of the Board. The contingency Funding Plan includes stored Liquidity in the form of 1% of NDTL in the shape of excess SLR and 2% in the shape of CD's/Liquid Funds or 3% in any of the two i.e., excess SLR or CD's/Liquid funds. These investments can be liquidated any time to generate cash and maintain sufficient liquidity for funding, growth and meeting repayment obligations.

Liquidity Coverage Ratio (LCR) BLR-1 aims to ensure that a bank maintains an adequate level of unencumbered High Quality Liquidity Asset (HQLAs) that can be converted into cash to meet liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario.

LCR is being computed strictly as per RBI guidelines issued vide circular DBOD.BP.BC.No.120/21.04.098/2013-14 and subsequent amendments. HQLA primarily include government securities in excess of minimum Statutory Liquidity Ratio (SLR), the extent allowed under the Marginal Standing Facility (MSF) and the Facility to Avail Liquidity for LCR (FALLCR). Cash& balances in excess of cash reserve requirement with RBI also constitute HQLA.

Average LCR of the Bank was 335.40% for the FY 2018-19 which is well above the requirement of 90% prescribed by RBI for the calendar year 2018 and 100% from January 2019 onwards.

LCR statement in the prescribed format is submitted to RBI at the end of every month and put up to the Board and management as part of ICAAP at quarterly intervals.

Table DF - 2 : Capital adequacy;

1. Qualitative disclosure

- 1.1 A summary discussion of the bank's approach to assessing the adequacy of its capital to support current and future activities.
- i) The Bank is subject to Capital Adequacy guidelines of RBI, which are based on the framework of Basel Committee on Banking Supervision. As per Basel III guidelines the minimum capital required to be maintained by the Bank is 10.875 percent with minimum Common Equity Tier 1 (CET1) of 7.375% as on March 2019. Stress analysis is conducted on half yearly basis or as required to see the impact on capital adequacy ratio (CAR) in near to medium horizon.
 - ii) The Bank assesses its capital requirement based on business projections and opportunities for growth that are in line with the strategic intent of the Bank. The business projections are mapped to credit, market and operational risks which allows for assignment of regulatory capital besides providing capital headroom to meet growth projections. As part of the Internal Capital Adequacy Assessment Process (ICAAP), Bank also assesses adequacy of capital under stress conditions for gauging the adequacy of capital to support not only three primary risks of credit, market and operational risk but other residual risks like interest rate risk in banking book, liquidity risk, credit concentration risk, strategic risk and reputational risk.

Risk Exposure and Assessment

Structure and Organisation of Risk Management Function

The Bank's risk governance architecture focuses on key risk areas of credit, market (including liquidity) and operational risk. The quantification of these risks, wherever possible, ensures effective and continuous monitoring and control. The risk management system is overseen by Board of Directors of the bank, with Integrated Risk Management Committee (IRMC), a board level sub-committee entrusted with the overall responsibility of ensuring that adequate structures, policies and procedures are in place for risk management in the Bank. The IRMC of Board is supported by separate Executive level Committees viz, Credit Risk Management Committee (CRMC), Asset-Liability Management Committee (ALCO), Market Risk Management Committee and Operational Risk Management Committee (ORMC) to ensure effective management of credit, market and operational risks respectively. The executive level committees are in turn assisted / supported by respective risk management support groups for credit, operational, market and liquidity risks. These support groups provide support functions to the above committees through analysis of risks and reporting of risk positions and making recommendations as to the level and degree of risks to be undertaken.

Credit Monitoring Division (CMD) has been set up for ongoing monitoring of credit quality of borrowers. Department besides online monitoring of special mention accounts and limit monitoring releases caution list of borrowers at regular intervals based on the Early Warning Signal framework of the RBI.

In terms of enhanced operational risk management framework Bank has formed Zonal Risk Management Committees (ZRMC) which meets necessarily at least once in a quarter to discuss all the issues related to operational/Credit risk management and implementation of enhanced risk management framework at the gross root level. Zonal Head, designated Zonal Risk managers and identified business unit heads participate in the meeting.

Table DF - 3: Credit Risk

General disclosures --- Credit Risk

Credit Risk is the possibility of loss that a bank may be subjected to, on account of changes or deterioration in the credit profile / credit quality of borrowers and counterparties. The Bank is exposed to credit risk through lending and capital market activities. Bank has put in place Board approved comprehensive Credit Risk Management Policy which aims at ensuring sustained growth of healthy loan portfolio while identifying and managing credit risks, both at transaction and portfolio levels. It lays down the roles and responsibilities, risk appetite, key processes and reporting framework.

The Bank manages its credit risk through following strategies:

- a) Well defined credit risk management structure to identify measure, monitor and control / mitigate credit risk from loan origination to disbursement and post disbursement monitoring has been laid out.
- b) Board approved Investment Policy of the Bank addresses credit risks related to investment activities undertaken by the Bank, prescribing prudential limits, methods of risk measurement and hedges required in mitigation of risks arising in investment portfolio.
- c) Corporate credit is managed through rating of borrowers and thorough risk vetting of individual exposures at origination and periodic review after sanctioning. Retail credit to individuals and small business is managed through definition of product criteria, appropriate credit filters and subsequent portfolio monitoring.
- d) Industry wise segment ceilings on aggregate lending by the Bank.
- e) Individual borrower wise ceilings on lending as well as borrower group wise lending ceilings linked to the Bank's capital funds.
- f) Bank has comprehensive risk rating system that serves as a single point indicator of diverse risk factors of counterparty and for taking credit decisions in a consistent manner. The credit rating models use a combination of quantitative and qualitative factors that include borrower specific characteristics, industry score etc. to arrive at a 'point in time' view of risk.
- g) Allowing credit exposures as per the credit rating of borrowers upto defined thresholds of risk levels. The approach also includes diversification of credit portfolio rating category wise but within the acceptable risk parameters.
- h) The Bank's entire current business is within India and hence there is no geographic ceiling on lending in India or outside India. Further, there is also no ceiling on lending within a State in India.
- i) A mechanism of clear and well defined delegation of authority operates within the Bank in regard to decision making, which links risk and exposure amount to level of approval.
- j) Regular review of all credit sanctioning powers delegated to various sanctioning levels so as to continuously strengthen the credit processes, and monitoring oversight are undertaken.
- k) Approval processes with respect to credit proposals are preceded by study of risks and preliminary due diligence particularly while sourcing fresh credit accounts.
- l) Credit audit system and loan review mechanism function independently of the credit processing / credit approval system and ensure effective loan monitoring, management / mitigation of credit and operational risks in the loan portfolio.
- m) An appropriate mechanism for ongoing identification, development and assessment of expertise of officials in the area of credit appraisal and credit management function.

1. Qualitative Disclosures: The general qualitative disclosure requirement with respect to credit risk including:

1.1.1 Definition of NPA and impaired account

An asset including a leased asset becomes non-performing when it ceases to generate income for the bank. A non-performing asset (NPA) is a loan or an advance where:

- a. Interest and/or installment of principal remain overdue for a period of more than 90 days in respect of a term loan
- b. The account remains 'out of order' as indicated in paragraph 1.1.2 below, in respect of an Overdraft / Cash Credit (OD/CC)
- c. The bill remains overdue for a period of more than 90 days in case of bills purchased and discounted
- d. The installment of principal or interest thereon remains overdue for two crop seasons for short duration crops
- e. The installment of principal or interest thereon remains overdue for one crop season for long duration crops.
- f. In respect of securities, where interest/principal is in arrears for a period of more than 90 days.

An account is also classified as NPA if the interest due and charged during any quarter is not serviced fully within 90 days from the end of the quarter.

1.1.2 'Out of Order' status: An account is treated as 'Out of Order' if the outstanding balance remains continuously in excess of the sanctioned limit / drawing power. In cases where the outstanding balance in the principal operating account is less than the sanctioned limit / drawing power, but there are no credits continuously for 90 days as on the date of Balance Sheet or credits are not sufficient to cover the interest debited during the same period, these accounts are treated as "out of order".

1.1.3 Overdue: Any amount due to the bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the bank.

1.2 Discussion of the bank's credit risk management policy.

The credit risk management policy of the bank aims at ensuring sustained growth of healthy loan portfolio while evolving a well- defined system to identify measure, monitor and control various risks attached to credit portfolio of the Bank. The policy aims at ensuring consistency and standardization of credit practices. There is a defined credit appraisal & credit approval authority, reporting cum monitoring / follow-up system and loan review mechanism/ credit audit system in place at the Bank.

If either the issuer or single issue has been assigned a low quality assessment which maps into a risk weight equal to or higher than that which applies to unrated claims, an unassessed claim on the same counterparty that ranks pari passu or is subordinated to the rated exposure is assigned the same risk weight as is applicable to the low quality assessment.

Table- DF -5: Credit risk mitigation:

1. Qualitative disclosure

1.1 The general qualitative disclosure requirements with respect to credit risk mitigation

A Credit Mitigation and Collateral Management Policy, addressing the Bank's approach towards the credit risk mitigants is used for capital calculation. The Bank reduces its exposure to counterparty with the value of eligible financial collateral to take account of risk mitigating effect of the collateral.

1.2 Policies and processes for, and an indication of the extent to which the bank makes use of on and off balance sheet netting.

Bank has put in place Board approved policy on Credit Risk Mitigation and Collateral Management, covering credit risk mitigation techniques used by the Bank for both risk management and capital computation purposes. The Bank has a separate collaterals valuation policy that forms the basis for valuation of collaterals.

1.3 Policies and processes for collateral valuation and management

The policy adopts the Comprehensive Approach, which allows full offset of collateral (after appropriate haircuts) against exposures, by effectively reducing the exposure amount by the value ascribed to the collateral. The following issues are addressed in the policy:

- Classification of credit risk mitigants
- Acceptable credit risk mitigants
- Documentation and legal process requirements for credit risk mitigants.
- Valuation of collateral
- Custody of collateral
- Insurance
- Monitoring of credit risk mitigants

1.4 The description of the main type of collaterals taken by the bank

The main type of collaterals taken by the bank are Cash or cash equivalent, Bank deposits, NSCs, KVIP's, LIC policy, Central / State government Securities etc.

1.5 The main type of guarantor counterparties and their creditworthiness.

Bank considers guarantees, which are direct, explicit, irrevocable and unconditional for credit risk mitigation. Use of such guarantees for capital computation is as per RBI guidelines.

Types of guarantor counter party are:

- Sovereigns (Central / State Governments)
- Sovereign entities like ECGC, CGTSI
- Banks and Primary Dealers with a lower risk weight than the counter party
- Other entities that are externally rated. This would include guarantee cover provided by parent, subsidiary and affiliate companies when they have lower risk weight than the obligor.

1.6 Information about (market or credit) risk concentration within the mitigation taken

Majority of financial collaterals held by the Bank are by way of bank's own deposits, government securities, life insurance policies and other approved securities like NSCs, KVPs etc. Bank does not envisage market liquidity risk in respect of financial collaterals. Overall, financial collaterals do not have any issue in realization. Concentration on account of collateral is relevant in case of land & building. Except in the case of housing loan to individuals, land and building is considered only as additional security. As land and building is not recognized as eligible collateral under Basel III Standardized Approach, its value is not reduced from the amount of exposure in the process of computation of capital charge, and is used only in the case of housing loan to individuals and non-performing assets to determine the appropriate risk weight. As such, there is no concentration risk on account of nature of collaterals.

Table DF - 6 : Asset Securitisation:

Bank is not currently undertaking any Securitisation activity.

Table DF - 7:Market risk in trading book

1. Qualitative Disclosures:

The market risk for the Trading Book of the Bank is managed in accordance to the Board approved Investment Policy, Trading Policy and Market Risk Policy. These policies provide guidelines to the operations, Valuations, and various risk limits and controls pertaining to various securities, foreign exchange. These policies enhance Bank's ability to transact in various instruments in accordance with the extant regulatory guidelines and provide sound foundation for day to day Risk Control, Risk management, and prompt business decision making. The Bank also has a Stress Testing Framework which enables Bank to capture impact of various stress scenarios on Trading Book Portfolio. All these policies are reviewed periodically to incorporate changes in economic, business and regulatory environment.

1.1 The general qualitative disclosure requirement for market risk including the portfolio covered by securitised approach.

Risk management and reporting is based on globally accepted parameters such as Modified Duration, PVO1, Exposure and Gap Limits, VaR, etc. As per the Market Risk Policy/Trading policy, limits have been set for Forex Open Position limits (Daylight / Overnight), stop-loss limit, Sensitivity limit, VaR limit and exposure limits which are monitored on a daily basis. Bank has a Mid Office in place for functions like on-site monitoring of adherence to set limits, independent reporting of activities to Top Management and valuation etc.

Approach for Computation of Capital Charge for Market Risk

Bank has adopted the Standardised Approach as prescribed by RBI for computation of capital charge for market risk and is already fully compliant with such RBI guidelines. Standardised Approach is applied for calculation of Market Risk for:

- Securities under HFT category
- Securities under AFS category
- Open foreign exchange position
- Equity positions

1.2 General disclosures for market risk including portfolios covered by the IMA. A description of the soundness of the banks methodologies in assessing the capital adequacy, stress testing, and back-testing/validating the accuracy and consistency of the internal models and modelling processes.

Market risk is calculated on trading portfolio under Standardised duration method as per directives of RBI. Stress testing under various scenarios and calculation of Historical VaR forms an integral part of the portfolio risk management.

Table DF - 8--- Operational Risk

1. Qualitative Disclosures:

1.1 General disclosures: Operational risk is at the core of the Bank's operations to integrate best risk management practices into processes, systems and culture of the bank. The operational risk management (ORM) policy documents the Bank's approach towards management of operational risk and defines the roles and responsibilities of the various stakeholders to manage operational risk within the Bank. The Integrated Risk Management Committee (IRMC) of the Board at the apex level is the policy making body. IRMC is supported by Operational Risk Management Committee (ORMC) at the Executive level, which is responsible for bank wide implementation of ORM policy. A systematic process for reporting risks, operational losses has been developed. Bank has been collecting internal operational loss data from business units / offices. For this purpose, a system for reporting identified loss events and loss data have been put in place. The Bank has also implemented a comprehensive Business Continuity Plan (BCP) and established Disaster Recovery setup to ensure continuity of critical operations of the Bank in the event of any business disruption. The bank has been regularly conducting DR drills for various systems and applications in use.

The bank has a robust internal control / audit mechanism and reporting system for managing and mitigating operational risk.

1.2 In addition to general qualitative disclosure requirement, the approach (es) for operational risk capital assessment for which the bank qualifies.

As per the RBI guidelines, bank is following the Basic indicator approach (BIA) for computing capital charge for operational risk.

2. Quantitative Disclosures

Capital charge for operational risk	Capital charge for operational risk is computed as per the Basic Indicator Approach prescribed by RBI. Under this approach, capital allocation for operational risk works out to: 4730.28(million)

Table DF -9 : Interest rate risk in the banking book (IRRBB)

1. Qualitative Disclosures:

1.1 The general qualitative disclosure requirements, including the nature of IRRBB and key assumptions, including assumptions regarding loan prepayments and behaviour of non-maturity deposits, and frequency of IRRBB measurement.

Interest Rate Risk in Banking Book (IRRBB) is the risk which impacts assets and liabilities of Bank's non-trading (core) exposures which are contracted for steady income and statutory obligations and are generally held till maturity. Interest rate risk is measured as the potential volatility in the Bank's core net interest income caused by changes in market interest rates. Difference in pricing parameters of these Assets and Liabilities which may be due to different tenor, asset type, liability type or other parameters exposes the Bank to possible loss.

Bank utilizes the following methods to measure, monitor and control the adverse impact of interest rates on the Bank's financial condition within tolerable limits. This impact is calculated from following perspectives.

Earnings perspective: Indicates the impact on Bank's Net Interest Income (NII) in the short term.

Economic perspective: Indicates the impact on the net-worth of bank due to re-pricing of assets, liabilities and off-balance sheet items.

Measurement and computation of interest rate risk in Banking Book under the above two methods is done on a monthly basis.

2. Quantitative Disclosures

2.1	The increase (decline) in earning and economic value (or relevant measure used by management) for upward and downward rate shocks according to management's method of measuring IRRBB, broken down by currency (where the turnover is more than 5 percent turnover). Table DF -10: General Disclosure for Exposures Related to Counterparty Credit Risk

1. Qualitative Disclosures

The Bank has a Credit Risk Management Policy and Collateral Management Policy in place which lays down guidelines, processes and measures for counterparty risk management. The counterparty limits are monitored and internal triggers are put in place to guard against breach in limits. Bank takes eligible financial collateral (e.g., cash or securities) on an account-by-account basis to reduce the credit exposure to counterparty while calculating the capital requirements.

2. Quantitative Disclosures

Subordinated to the claims of depositors, general creditors and subordinated debt of the Bank other than any subordinated debt qualifying as Additional Tier 1 Capital (as defined in the Basel III Guidelines) of the Bank;</p> <p>iii. Neither secured nor covered by a guarantee of the Bank or its related entity or other arrangement that legally or economically enhances the seniority of the claim vis-à-vis creditors of the Bank;</p>
Loss Absorbency	<p>The PDIs are subject to principal loss absorption as described herein and which are required of 'Additional Tier I instruments' at Level of Pre-Specified Trigger and at Point of Non Viability as provided for in Annex 16 of the Basel III Guidelines.</p> <p>The write-down will have the following effects:</p> <ul style="list-style-type: none"> • Reduce the claim of the PDIs(up to nil) in liquidation; • Reduce the amount re-paid (up to nil) when a call is exercised; and • Partially or fully reduce Coupon payments on the PDIs. <p>Loss Absorption at Pre-Specified Trigger Level</p> <p>If a Pre-Specified Trigger Level(as described below) occurs, the Bank shall: (a) notify the Trustee; (b) cancel any coupon which is accrued and unpaid to as on the write- down date; and (c) without the need for the consent of Bondholders or the Trustee, write down the outstanding principal of the PDIs by such amount as the Issuer may in its absolute discretion decide subject to the amount of write down not exceeding the amount which would be required to bring the Common Equity Tier 1 (CET 1) ratio to 8% of RWAs (minimum CET 1 of 5.5% + capital conservation buffer of 2.5%) and in no case such amount shall be less than the amount required to immediately return the Issuer's CET 1 ratio to above the Pre-Specified Trigger Levelor, if this is not possible, the full principal value of the PDIs (the "CET1 Write Down Amount")</p>

<p>Point of Non-Viability (PONV) Trigger</p>	<p>The PDIs, at the option of the RBI, can be permanently written off upon occurrence of the trigger event, called the Point of Non-Viability Trigger ("PONV Trigger"). If a PONV Trigger (as described below) occurs, the Issuer shall: (a) notify the Trustee; (b) cancel any Coupon which is accrued and unpaid on the PDIs as on the write-down date; and (c) without the need for the consent of Bondholders or the Trustee, write down the outstanding principal of the PDIs by such amount as may be prescribed by RBI and subject as is otherwise required by the RBI at the relevant time.</p> <p>Following writing-off of the PDIs and claims and demands as noted above neither the Bank, nor any other person on the Bank's behalf shall be required to compensate or provide any relief, whether absolutely or contingently, to the Bondholder or any other person claiming for or on behalf of or through such holder and all claims and demands of such persons, whether under law, contract or equity, shall stand permanently and irrevocably extinguished and terminated.</p> <p>The write-off of any CET 1 capital shall not be required before the write-off of any of the PDIs and there is no right available to the Bondholder hereof or any other person claiming for or on behalf of or through such holder to demand or seek that any other regulatory capital be subject to prior or simultaneous write-off or that the treatment offered to holders of such other regulatory capital be also offered to the Bondholders. 'PONV Trigger Event' is the earlier of:</p> <ul style="list-style-type: none"> (a) A decision that a permanent write-off without which the Bank would become non-viable, is necessary as determined by the RBI; and (b) the decision to make a public sector injection of capital, or equivalent support, without which the Bank would have become non-viable, as determined by the relevant authority. <p>The PONV Trigger Event will be evaluated both at consolidated and solo level and breach at either level will trigger write-off.</p> <p>The amount of non-equity capital to be written-off will be determined by RBI.</p> <p>The order of write-off of the PDIs shall be as specified in the order of Seniority as per this Information Memorandum and any other regulatory norms as may be stipulated by the RBI from time to time.</p> <p>The PDIs can be written-down multiple times in case the Bank hits the PONV Trigger Level subsequent to the first write-down. The PDIs which have been written down shall not be written up.</p> <p>The write-off consequent upon the PONV Trigger Event shall occur prior to any public-sector injection of capital so that the capital provided by the public sector is not diluted. The Bondholders shall not have any residual claims on the Bank (including any claims which are senior to ordinary shares of the Bank), following the PONV Trigger Event and when write-off is undertaken.</p> <p>For these purposes, the Bank may be considered as non-viable if:</p> <p>The Bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by the Bank should be such that these are likely to result in financial losses and raising the CET 1 capital of the Bank should be considered as the most appropriate way to prevent the Bank from turning non-viable. Such measures would include write-off of non-equity regulatory capital into common shares in combination with or without other measures as considered appropriate by the RBI.</p> <p>The Bank facing financial difficulties and approaching a PONV will be deemed to achieve viability if within a reasonable time in the opinion of RBI, it will be able to come out of the present difficulties if appropriate measures are taken to revive it. The measures including augmentation of equity capital through write off of PDIs / public sector injection of funds are likely to:</p> <ul style="list-style-type: none"> (a) Restore depositors'/investors' confidence; (b) Improve rating /creditworthiness of the Bank and thereby improve its borrowing capacity and liquidity and reduce cost of funds; and (c) Augment the resource base to fund balance sheet growth in the case of fresh injection of funds. <p>RBI would follow a two- stage approach to determine the non-viability of the Bank. The Stage 1 assessment would consist of purely objective and quantifiable criteria to indicate that there is a prima facie case of the Bank approaching non-viability and, therefore, a closer examination of the Issuer's financial situation is warranted. The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Bank is about to become non-viable. These criteria would be evaluated together and not in isolation. Once the PONV is confirmed, the next step would be to decide whether rescue of the Bank would be through write-off alone or write-off in conjunction with a public-sector injection of funds.</p>

LEVERAGE RATIO

Leverage ratio is a non-risk based measure of exposure over capital. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements. The Basel III leverage ratio is defined as the ratio of capital measure (the numerator) to exposure measure (the denominator), expressed as a percentage.

The capital measure used for the leverage ratio at any particular point in time is the Tier 1 capital measure applying at that time under the risk-based framework. Total exposure measure is the sum of the on-balance sheet exposures, derivative exposures, securities financing transaction (SFT) exposures and off- balance sheet (OBS) items.

Leverage ratio = $\frac{\text{Capital Measure (Tier 1 Capital)}}{\text{Exposure Measure}}$

Report on Corporate Governance

J&K Bank has been committed to all the basic tenets of good Corporate Governance well before the Securities and Exchange Board of India and the Stock Exchanges pursuant to Regulation 34(3) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 mandated these. It is our endeavour to go beyond the letter of Corporate Governance Codes and apply it innovatively in a more meaningful manner, thereby making it relevant to the organization that is operating in a specific environment.

In line with its Vision, Bank uses Corporate Governance innovatively in a transitional economy like Jammu and Kashmir. The Bank looks at Corporate Governance as an instrument of economic and social transformation, besides fiscal discipline. Given the fact that J&K Bank is seen as a great success of “public-private partnership”, your Bank as a business is expected to play a pivotal role in social transformation of the economy. This lends relevance to implementation of good governance practices which go beyond the Corporate Governance Code.

We, as the premier corporation of Jammu and Kashmir, have a focused interest in making the state a safe place for business. Bank has a key role to play in providing public and private services, financial infrastructure and employment. As such, the efficiency and accountability of the corporation is a matter of both private and public interest and governance, therefore, comes at the top of the agenda. The fact that the bank is state owned but professionally managed, having a large size of international investors makes governance a critical factor in functioning. For us, Corporate Governance is concerned with the systems of laws, regulations and practices, which will promote enterprise, ensure accountability and trigger performance. The Bank, for one, stands for being more accountable, practice self-regulation and make financial transactions transparent and constitutional.

VISION

“To catalyse economic transformation and capitalise on growth”.

Our vision is to engender and catalyse economic transformation of Jammu and Kashmir and capitalise from the growth induced financial prosperity thus engineered. The Bank aspires to make Jammu and Kashmir the most prosperous state in the country by helping create a new financial architecture for the J&K economy, at the center of which will be the J&K Bank. At the same time, we want to expand our existing network in other states of the country which offer better potential for the Banking.

MISSION

Our mission is two-fold: To provide the people of J&K international quality financial services and solutions and to

be a super specialist Bank in the rest of the country. The two together will make us the most profitable Bank in the country.

BOARD OF DIRECTORS

The responsibility for good governance rests on the Corporate Board which has the primary duty of ensuring that principles of Corporate Governance, both as imbibed in law and regulations and those expected by stakeholders, are religiously and voluntarily complied with and the stakeholder’s interests are kept at utmost high level.

Proceedings at the Meeting

After conclusion of the Chairman's speech, auditor's report including the comments of C&AG, if any, will be read by the Company Secretary. Afterwards the resolutions which are set out in the Notice of the meeting, will then be put to vote. The members will be given an opportunity to ask questions/speak at the meeting. Members interested to speak at the meeting shall hand over their name slips to the Staff

Volunteers and Chairman shall call upon them one by one. As many members may be willing to speak, you are requested to confine your speech to the agenda items set out in the notice of the Meeting.

Voting Rights

The voting rights of the Members is governed by the provisions of Section 47 of Companies Act, 2013, Section 12 of the Banking Regulation Act, 1949, and Article 110-112 of Articles of Association of the Bank. There are following voting rights attached to a Member/Proxy:

On Show of Hands

On show of hands, one member present in person shall have one vote. However, a person appointed as a proxy is not entitled to vote on the show of hands.

On Poll

On poll, every member shall have a right to vote in respect of his share of paid-up equity capital in the total paid-up equity capital of the Bank, whether present in person or through proxy. Your voting right would be in proportion to your share of paid-up equity capital of the Bank.

Manner of Voting

On Show of Hands

Whenever Chairman puts resolution to the vote of meeting, you should raise your hand, so that Chairman could see and take count of your vote, indicating that you are voting either for or against the resolution put before you for voting. Only shareholders present in person and authorized representative of the corporate shareholders are entitled to vote on the show of hands. Proxies are not entitled to vote on the show of hands.

On Poll

On poll being demanded by the requisite number of shareholders, or as and when may be ordered to be taken by the Chairman on any resolution, you will be given ballot papers by the deputed staff and you have to complete the ballot paper in accordance with the instructions contained therein and drop it in the ballot box. Proxy is entitled to vote on the poll.

Dematerialisation of Shares and Depository Services

Dematerialisation is a process, which entails the conversion of physical securities into electronic form. The securities in physical form are shredded and corresponding entry is done in the Investors Electronic Account. The electronic balances are maintained on highly secure systems at the depository. Depository services are an extension of custodial services. Prior to the introduction of depository system, the custodians used to act as the organisation for safekeeping, register, guarding, care watch, inspection and prevention of securities. But the advent of depository system has brought with itself the advantages of electronics and benefits of the custodial services at the doorsteps of investors. The depository allows the shares to be held in electronic form in the same way as money is held in Bank accounts.

A Depository offers following advantages to the Investor:

- Your shares cannot be lost or stolen or mutilated;
- You never need to doubt the genuineness of your shares i.e. whether they are forged or fake;
- Share transactions like transfer, transmission, etc., can be effected immediately;
- Transaction costs are usually lower than on the physical segment;
- There is no risk of bad delivery;
- Bonus/ rights shares allotted to you will be immediately credited to your account; and
- You will receive the statement of accounts of your transactions/ holdings periodically. According to Depository Act, 1996, investors have the option to hold shares in physical form or in electronic form. However, pursuant to directive issued by the Securities & Exchange Board of India (SEBI), shares of your Bank have been notified in the list of securities, where transactions will take place only in electronic mode for all Investors. Shareholders are thus advised to open a Demat Account with depository participant and dematerialise their securities.

Nomination Facility

The shareholders have the facility of making nomination in accordance with the provisions of Section 72 of the Companies Act, 2013 and rule 19(1) of the Companies (Share

Capital and Debentures) rules 2014 and allied procedures. The shares in the Company shall vest in the nominee, in the event of the death of the shareholder. In case of joint holders, they may together nominate, in the prescribed manner, a person in whom all the rights in the shares of the Company shall vest, in the event of death of the joint shareholders. Investors can make nomination by filling-in and sending form SH-13 (enclosed at the end of the report) to the Company singly, in case of sole holder or jointly, in case of the joint holders.

Shareholders also have the facility to cancel or vary the existing nomination by nominating any other person in place of the present nominee. Shareholders can cancel or vary the nomination by giving the notice of such cancellation or variation, to the Bank in Form No. SH-14 (enclosed at the end of the report).

Bank Mandate Form

In order to avoid the fraudulent encashment of dividend warrants, shareholders are requested to provide their Bank account details to enable us to incorporate the said details in the dividend warrants. A format of the Bank mandate form is enclosed at the end of this report.

NECS Facility

The National Electronic Clearing System (NECS) is intended to avoid the risk of loss/interception of dividend warrants in postal transit and / or fraudulent encashment of dividend warrants. The Shareholders are requested to avail the NECS facility /Direct credit facility, whereby the dividend will be directly credited in electronic form to their respective bank accounts. This will ensure speedy credit of dividend and Company will duly inform the concerned Shareholders when the credit is passed on to their respective bank accounts.
